U. S. QUIZ FOR BIG VOTE FUNDS

VARE'S VICTORY SENDS HOPES OF WETS SOARING

Plurality Is 98,592 in
Late Returns.

BY ARTHUR SEARS HENNING.
(Chicago Tribune Press Service.)

(Picture on back page.)

Philadelphia, Pa., May 19.—[Special.]—The revolt against bone dry prohibition is on. The triumph of the modification cause in the Pennsylvania primary yesterday marks the turning point. The beer and light wine issue now becomes a leading, if not paramount, issue in the election of senators and congressmen this year and is not unlikely to be projected into the presidential election of 1928.

The latest returns from 7,656 out of the state's 8,281 election districts in the race between William S. Vare, wet, and Senator George W. Pepper, dry, give Vare a plurality of 98,592.

The figures are:

Vare 383,839

Pepper 485,247

Pinchot 319,296

Wet Leads for Governor.

The fight for the gubernatorial nomination was waged along similar lines to the Vare-Pepper-Pinchot wet and dry knockdown-and-drag-out.

There were two other candidates in the field for governor: John K. Tener (liberal) and T. N. Phillips (wet). Thus all three of Fisher's opponents were rated wet and their combined majority over the dry candidate was 145,626 in the reported districts.

Seen as Crucial Test.

The senatorial primary was the crucial test of the potency of the issue of wet and dry. Had Vare, the modification proponent, been defeated the position of the dries in opposing any liberalization of the Volstead act would have been immensely strengthened and the cause of the wets would have suffered a serious setback.

With Congressman Vare winning the Republican nomination for senator by an overwhelming plurality on the basis of his single appeal for the restoration of light wine and beer, the modification movement goes into high gear and the dries are forced on the defensive all along the line.

It is in vain that the dries point out that the combined vote of the two dry candidates, Senator Pepper and Gov. Pinchot, exceeded that of warring wet Vare by 150,000 or more and argue that therefore the dries are still a majority in Pennsylvania.

Only Results Count.

It is results that count and it is the victory of the wet candidate, whose election would mean more wet and less dry vote in the senate that gives the impetus to the revolt against prohibition.

Besides the wets are able to argue with plausibility that when you subtract from Pepper the wet votes delivered to him by the Mellons in Pittsburgh and from Pinchot the wet votes delivered to him by John L. Lewis of the United Mine Workers, the vote of Vare, for whom presumably no dry vote, exceeds the combined totals of the dry candidates and the Republican party in this state is preponderantly wet.

The fact is that it is Philadelphia, Pittsburgh and other cities that are overwhelmingly wet and aflame with demand for modification of the Volstead act while the rural districts are still dry.

Breaks Party Lines.

The triumph of the modification movement in this state breaks new ice in the issue and makes it a certainty that it will be battled over resolutely in the congressional elections this year. And indications are not wanting that party lines are being to smash almost everywhere in the question.

Here in Pennsylvania Vare will be elected in the election by William B. Wilson, who was secretary of labor in the Wilson cabinet and who was nominated by the Democrats yesterday without opposition. There also is an independent candidate.

Senator Pepper, when conceding his defeat today, said he would support Vare in the election. Gov. Pinchot is known to be considering the advisability of leading a bolt of dry Republicans from the Vare ticket.

The leaders of the dries already are holding that they never will support Vare and are planning to compass his defeat on page 4, column 1.)

SENATE ACTS ON PENNSYLVANIA, ILLINOIS POLLS

Reed Routs His Foes
from Chamber.

BY JAMES O'DONNELL BENNETT
(Chicago Tribune Press Service.)

Washington, D. C., May 19.—[Special.]—Amid feverish excitement and passionate denunciation the United States senate this afternoon voted, by a majority of 46 in a total of 72 votes cast, to investigate expenditures of money in the Pennsylvania senatorial primaries which ended yesterday in the defeat of Senator Pepper (Rep.) by Congressman Vare (Rep.).

The McKinley-Smith senatorial contest in Illinois also will be investigated if the probable chairman of the investigators—Reed of Missouri—has his way, for Senator Reed in his blistering speech in the senate this afternoon said:

"We had a senatorial primary election in Illinois a few weeks ago. It has been charged by many people—I do not assert the truth of the charge, I want to know as to its truth or to its falsity—that one of the candidates expended from a million to a million and a half dollars in that primary and even then went down to his defeat.

"Thinks Country Ought to Know.

"If that charge is true, then the country ought to know it. If that charge is true, then a condition of corruption and of rottenness exists in this country which ought to arouse to extreme vigilance every man who loves his country and adores its flag."

Franklin, maneuvering, changes of heart, almost miraculous success, and swift flights from the chamber for the test vote marked the three hours of strategy and oratory. They led up to the decision to investigate immediately the charges of slush funds of from two to five million dollars in Pennsylvania's primaries and of from one to one and a half million in Illinois.

Dawes Appoints Committee.

Within two hours after the resolution had been passed Vice President Dawes appointed this committee of investigators:

Senators David A. Reed [Rep., Pa.], Charles S. Deneen [Rep., Ill.], Robert M. La Follette Jr. [Prog. Rep., Wis.], James A. Reed [Dem., Mo.], Thomas F. Bayard [Dem., Del.].

These appointments by Dawes mean that Reed of Missouri, who offered the resolution to investigate, will be chairman of the investigating committee, because voting for him as chairman will be himself, his Democratic colleague, Bayard, and the rebel Republican, La Follette.

Will Act During Summer.

The committee is empowered to sit during the senate's summer recess, thus keeping the fear of the Lord in the hearts of the 24 sitting Republican and Democratic senators who come up for reelection next November.

The committee has power to investigate not only the expenditure of money in senatorial primaries already held, but also such expenditures as may be made in senatorial primaries still to be held and in the impending election campaigns of all of the 34 senators who go to the people in November.

It will thus be the official recipient and investigator of all the financial campaign scandal that may break between now and November.

The final decision to investigate was reached with a swiftness that threw the conservative Republicans into a state of panic and demoralization such as they have not suffered since the day of desolation when they were unseated by the President's nomination of Charles Becker Warren to be attorney general of the United States.

Curtis Joins the Rout.

Today, as then, Charles Curtis of Kansas, Republican leader, went a delicate pale green when, on the test vote, senator after senator of the majority deserted the ranks and voted to pass a resolution which they had voted not to consider. Curtis himself was swept along in the rout and voted for the resolution.

Bitter pill of all for him to swallow was the fact that seven Republicans—Capper, Deneen, Keyes, Reed of Pennsylvania, Watson, Robinson of Indiana, and Norbeck—fled the chamber when the vote to pass Missouri Reed's resolution impended, although they had, seven and three-quarters minutes before Reed's watch, voted to pigeonhole his resolution.

This caused Reed to hurl after the vanished seven—and in the faces of the fourteen who had changed their votes—the unpardonable word: unpatriotic.

(Continued on page 4, column 3.)

Gag Convicts Facing Parole Inquiry

A WET TRACK

Woman's Auto Leaps Curbing; 1 Dead, 5 Hurt

(Picture on back page.)

Driving her new automobile for the first time yesterday afternoon, Mrs. Grace Spillman, 35 years old, 2501 West Huron street, struck two other cars and plunged into a crowd at Central Park avenue and Roosevelt road, killing a woman wheeling a baby carriage and injuring the baby and four other persons.

Mrs. Spillman, sobbing hysterically, was arrested. At the West Chicago police station last night she said she was the wife of a candy store owner and that she had purchased the car a week ago on the installment plan.

"This was the first time I had ever driven alone," she moaned. "My husband told me not to go any farther than around the block, but things were going so well I decided to go to the dentist's office on Roosevelt road. Suddenly another car ran into me and I fainted. The next thing I knew they told me I had killed someone. I would rather have killed myself than hurt someone else."

Four Others Badly Hurt.

The dead woman is Mrs. Evelyn Lesnik, 22 years old, 1225 South Koln avenue. Her child, which was thrown from the carriage to the sidewalk, was probably alive, it was said. The four other persons were badly hurt.

The automobile containing Mrs. Spillman and her daughter, Ethel, 6 years old, was traveling south in Central Park avenue at a speed of about 25 miles an hour, witnesses said. At Roosevelt road, it struck a motor truck, swerved, crashing into a wagon, and then bounded onto the sidewalk.

Morris Lochner, 50 years old, 1513 South Central Park avenue, driver of the wagon, was taken to a hospital with a fractured leg. Three other pedestrians were hurt.

Two Other Deaths.

Two other deaths due to motor accidents were reported during the day. The county auto death toll is now 236.

Gustave P. Adams, 67 years old, 1429 Edgewater avenue, was killed by an automobile driven by Peter Holz, 1727 North Park avenue.

Myron Cooly, 65 years old, 2614 North Richmond street, was struck and killed by an automobile at Milwaukee and North Albany avenues. W. D. John, 443 North Clark street, the driver, was held.

Miss Alice Porter, 29 years old, 347 Belden avenue, teacher at the Chicago Latin school, was awarded \$30,000 damages by a jury in Judge Parn's court for injuries received when she was struck by a taxicab.

FIREMAN LICKS FIRE, THEN LICKS FLAT'S JANITOR

Crowds will run to a fight of a fire, and at 67th street and Merrill avenue yesterday evening about 2,000 people saw both. The fire did not amount to much, but the fight was hot.

At its close Battalion Chief Bertram Fisher had a black right eye, and James C. Swift, janitor of the building, and son of the owner, Mrs. Mary Swift, was in the Woodlawn police station.

Fire was discovered in a third floor flat. Swift, who lives in the same building, hurried into the burning flat. Fisher, chief of the 19th battalion, found him and ordered him out as a safety measure.

Swift reported that, but went. But soon he found the fire's ladder resting on the lawn, which was soft after Tuesday's rain. Swift ordered the firemen to remove them.

Fisher paid no attention and Swift countered with a right to Fisher's right eye. Fisher then swung at Swift and the fight was on.

Fisher charged Swift across Merrill avenue. When the police wanted to take Swift to the station it required a fight. Fisher signed a complaint charging disorderly conduct and interfering with a fireman in the discharge of his duty.

THE WEATHER

THURSDAY, MAY 20, 1926.

Sunrise 5:25, sunset 8:08. Moon sets at 2:50 a. m. Friday. Venus, Mars and Jupiter are morning stars.

Chicago and vicinity—Fair Thursday, becoming unsettled Friday, rising temperature; gentle to moderate (easterly) winds Thursday and fresh southerly on Friday.

Illinois—Fair Thursday, unsettled Friday and Friday, temperature unsettled in north portion Friday; light temperature.

Bolivia, Peru, and Chile May Divide Arica

(Chicago Tribune Press Service.)

BUENOS AIRES, May 20 [2 a. m.]—Dispatches from Santiago, Chile, this morning indicate there has been a serious split in the Chilean cabinet over Secretary Kellogg's proposals concerning the inclusion of Bolivia in the settlement of the Tacna-Arica dispute.

A cabinet crisis was reported imminent and the resignation of Foreign Minister Mathieu is said to be likely if Kellogg's proposals are rejected.

Washington, D. C., May 19.—[AP.]—Division of Tacna-Arica between Chile, Peru, and Bolivia is conceded to be the basis of settlement negotiations in progress here, but the pledged secrecy that has guarded them still served to night to withhold confirmation.

BLAZE LIGHTS UP
LOOP; ATTRACTS
MANY THOUSAND

Flames which burst through the roof of the Wilson building, 19-21 East Jackson boulevard, early this morning, lighted up the rear by section of the loop and attracted a crowd of several thousand persons.

The building is occupied by Denvir clothing store on the first and second floors, G. A. Sullivan, manufacturers of bathing suits, on the third floor, and the DuBrook company, manufacturers of dresses and coats, on the top three floors. The blaze is believed to have started on the fifth floor. The flames ate their way upward to the roof and down to the third and second floors.

A 411 alarm was turned in and the fire was soon under control.

Travels 1,000 Miles to a
Jail Where He May Smoke

James Neely, 22 years old, with a wife and two children at Herrin, Ill., has traveled 1,600 miles to Chicago at government expense, not to see them, but to find a prison where he is permitted to smoke. Neely could not smoke at the National Training school at Washington, D. C., where he was serving a three year term for the theft of a pair of shoes from a box car in West Virginia. So he pleaded for a transfer. And yesterday he arrived at the Bridewell in charge of a United States deputy marshal.

Oak Park Coed Drowns Self in Campus Lake

(Picture on back page.)

Urbana, Ill., May 19.—[AP.]—Miss Grace Bryant, Oak Park, 24 years old and a senior at the University of Illinois, is believed to have committed suicide by drowning late today in Crystal lake. Her body was discovered floating in the lagoon about 6 o'clock by three men, who notified Urbana police.

Leaves Notes to Deans.

Two notes, one to Thomas Arkle Clark, dean of men, and the other to Miss Maria Leonard, dean of women, disclose that she had been despondent for some reason and in ill health, but gave no definite motive for her action, which had been declared suicide by Coroner W. J. Strode, although the inquest will not be held until tomorrow.

"It is best that I do this," she wrote in her message to the deans. Dean Clark said tonight that the news was a great surprise, since the girl had seemed happy. She was prominent in university activities, a member of the woman's senior honor society, and well liked by her fellow students.

"She has been a good student, but this year seemed to lack interest in her studies," Dean Clark said.

Recently Announced Engagement.

Her engagement to Max Stanley of Iowa City, Ia., had been announced recently at the Alpha Phi sorority house.

Investigation disclosed that she had been in Crystal Lake park all day and had a number of text books with her. Her father, William M. Bryant, is expected to arrive here early tomorrow morning.

EFFORT TO HUSH PRISON SCANDAL IS TOLD TO JURY

(Picture on back page.)

Joliet, Ill., May 19.—[Special.]—Joliet grand jurors were told that parole officials are intimidating convicts to silence them, should they be called to testify.

2—A convict's letter to the warden charges that Maj. Messlein double-crossed him by failing to get a parole for him after he had paid \$600 for freedom. A prisoner names a Chicago lawyer as the alleged go-between in parole sales.

3—Warden Whitman told the Cook county jury that he was not consulted on pardons, and that the freeing of convicts with vicious prison records is a peril to society.

4—Further records are revealed showing that desperate criminals have been turned loose under parole.

(By a Staff Correspondent.)

(Picture on back page.)

Joliet, Ill., May 19.—[Special.]—Desperate means to suppress facts concerning charges of corruption in its administration have been applied by the state board of pardons and paroles; it was revealed before the grand jury here today.

Dozens of prisoners with a knowledge of negotiations for pardons and paroles have virtually been gagged. They have been served with the dismal "pink slip" of the prison board notifying them that the time they must serve has been extended, knowing that the board which serves such notice is the only agency which has the power to rescind the order.

Gagged by Pink Slips.

to the penitentiary for robbery originally, with Raymond Costello, recently landed in Chicago for the rape and murder of a young girl. He said Costello told him he [Costello] was going out on parole for which he had paid \$500.

Director Jenkins of the state welfare department and Will Colvin, chairman of the parole board, arrived in Joliet tonight and went immediately into conference with State's Attorney Rehn.

Later they received newspapermen, but they declined to comment in any way upon either grand jury investigation or upon pardons and paroles. Jenkins announced he and Colvin would proceed to Chicago to testify before the special grand jury there just as soon as they were excused by the Joliet jury, and it was not known whether they would complete their testimony here tomorrow.

Asked if he had brought along the records demanded by the Chicago prosecutors, Jenkins replied he had some records, and that they would be turned over to State's Attorney Rehn.

Warden Supplies Letter.
The letter accusing Maj. Messin was handed to the grand jury by Warden Whitman, who testified this morning practically to the same details he testified in Chicago two days ago. The letter was written to the warden by Murray Halbert, convict No. 3,782, who "went over the wall" on Aug. 12, 1924, and who returned voluntarily six days later. The letter follows:

"Warden J. L. Whitman:
"Dear Sir: I gave my word to Capt. Kane and no one else. Had I given it to any one here now, I would have kept it. The captain or chief are not to blame. I will be back after I expose Major Messin, who took all the money my wife could earn working day and night—\$600—on a promise of a parole in one year and every month he tells me and my folks I am to be paroled. He said he used it to aid another. Refused to give it back so as my hands are tied. Now I am going to explain it all to the governor first and then show him up.
"I leave this will hurt my wife very much, but the man who would do this, he has should be in my place. Please, warden, don't cause my poor wife any trouble.

Promises to Return.
"I gave my word to you once on going to the new prison. That was for a test and I would not take this step had I given any one here a promise. I give you assurance I am not to go near my folks and I will come back and finish all and then I may get the chance I ask to make good.
"You said you would speak to Major of what he intended to do in my case, but no answer. Maybe you forgot. He ought not to have taken a cent from me until I was released, but he did and then lied to us, and now refuses to return it. Well, we will see. I will talk to the governor myself.

"Sorry, warden, but for the last six months my folks and I have been lied to by this man, who in the cloak of a helper takes the money a woman earns by hard work. He should suffer and he will.

"I give my word not to go to wife or folks. I have friends to aid me and I only want to show up conditions such as exists where men are robbed of all they can get.

"What can you do? Shut up? Well, I won't shut up, as he says, and I only wanted him to return the money and he refused. Mr. Worth knows Judge Jenkins used to and now my friends and I will take it to the governor. Murray Messin, 1782."

A Strange Prison Tale.
Enos, the convict, told the grand jury, it is understood, that he was a cellmate of Ira D. Perry Jr., and then, falling up to his parole, told a strange tale of his imprisonment.
His story to the grand jury, like that of other convicts, led the jury to believe, it was reported, that somewhere in the prison there was machinery deliberately designed to exact tolls from convicts and paroled men.

"I was Perry's cellmate," Enos said. "One day I got it straight that Attorney McNamara was the man who could fix things for convicts for paroles with the parole board. I sent word to McNamara that I would like to see him and he came.

"But before he came, I said to Perry one day that I was going to get out of prison. He said: 'So am I.' I said: 'Why, you're in here for life; you've pleaded guilty to murder and you've only served a little while.' He laughed. 'Well,' he said, 'I'll get hold of \$2,500 and then you'll see.'

"Well, McNamara came down and he said he could get me an unconditional pardon for \$2,000. I told him I didn't have any such money. He

More Parole Records Bared in Search for Barter Clews

A further list of paroles, which Chicago police and other officials said to be added proof that vicious criminals are being turned loose on society, has been compiled from the official records. These cases are to be added to a previous list presented to the special Cook county grand jury for investigation to determine whether the paroles were purchased by convicts. Some of the cases follow:

Guilty of Burglaries Freed.
Frank Waleki, who had served six different sentences in the House of Correction for burglaries since 1908 and 1920, was received at Joliet July 25, 1925, for another burglary. The parole board freed him Dec. 15, 1925.

Desperado Is Paroled.
John Wisniewski was convicted of murder in 1921, in a patrol wagon in which he was under arrest. The police had failed to find a revolver he had concealed in his clothing and he fired five shots at the two policemen who were in his charge, but he didn't escape. His parole was granted Aug. 18, 1925, despite a previous record which included imprisonment in Pontiac and parole from it July 3, 1919.

Burglar Wins Leniency.
Ezra Locke was paroled Sept. 8, 1925. He had been caught in the act of robbing the residence of Elmer Whitaker, 4343 Grand boulevard, Sept. 3, 1923. During the previous July he had obtained \$7,000 in property in a store burglary. On Aug. 26, 1923,

asked: "Well, haven't you got any folks? Can't you get it?" I told him I didn't know that my folks were in California. He went away telling me to try.
"I wrote to my folks and finally got a letter back from my sister that all they could raise was \$500. McNamara wanted her to send it to him, but I told her to send it to me, and she sent me a check for it."

Record of Check Found.
Prosecutor Austin admitted that he had checked the records and found one of such a check having been received.

"I let McNamara know about it and he said he would get me paroled for it. I got the check on Nov. 23, 1924, and in January, 1925, there was a parole board session," Enos continued.

"I was expecting a notice of my parole, but instead I got notice that my case has been continued for two years. I accused McNamara of double crossing me, but he laughed and said: 'Don't worry, that's just for effect; you'll get yours next month when I get Charles Bunsworth out.'

"He was right. His man came down and got me. Bunsworth got out the same time. I had to go to McNamara's office in Chicago with his man and pay the \$500. Bunsworth went into Joliet to buy a suit of clothes. I read later where he was shot and killed in Chicago.

Stayed with Perry's Father.
"After I got to Chicago, I stayed a week at the Y. M. C. A. hotel and then I went and stayed three weeks with Perry's father, I. D. Perry Sr. While I was there he talked to me about getting his son out. He said he was \$1,000 short of having enough money.

"I agreed to try to get it, and McNamara got me permission from the parole board to leave the state and go to California to see my folks.

"I couldn't raise the money and I wrote to McNamara about my release. I had a job in China offered me, a job with the Standard Oil company for \$240 a month, and I wanted it and wanted to go straight.

"McNamara wrote back he would get me discharged for \$250. But the Volunteers of America man said he would get it for nothing. Then both he and I wrote the parole board explaining my chance to go straight and the job I was offered and I got a letter back saying if I didn't quit fooling around about my discharge, they would increase the parole from one year to two years and I wouldn't get it for that much longer.

"That discouraged me. I quit re-

WHITMAN SAYS HE WAS IGNORED BY PAROLE BOARD

Calls Freeing of Vicious Felons Insult to Law.

Warden John L. Whitman of the state penitentiary resumed his testimony yesterday before the Cook county grand jury. It was revealed that not once in the granting of paroles to desperate Chicago criminals did the parole board seek the counsel of Whitman, who has been supposed to be the one man who could give best advice on this subject.

Warden Whitman's appearance was in connection with the special grand jury's inquiry into paroles, the beer war, and gangs as the causes of Chicago's crime.

One by one the specific cases of paroles as listed in official police records were cited by Attorney General Carlstrom and State's Attorney Crowe, and each time the warden's response was that he had not been consulted by the parole board.

Freud Despite Vicious Record.

And if he had been consulted, Mr. Whitman declared, he would have protested vehemently against paroling the convicts whose cases were cited by the prosecutors. Some of the liberated prisoners he recalled as having had vicious prison conduct records as well as having been convicted for crimes of murder, rape, robbery, burglary, and assault.

"I consider those paroles as wholly unjustified and as insults to the parole law, which is intended to extend the privilege with great discrimination, not with deliberate fraud," the warden asserted.

Secrecy Is Condemned.

The warden's testimony included a condemnation of the parole board for barring the Chicago Crime commission from an examination of the parole records. Col. Henry Barrett Chamberlain, operating director of the commission, was barred from the parole offices, and all records kept secret from him.

the warden said. This lifted the last bar to manipulation in the granting of paroles, he added, for with the commission excluded, there was no possibility of exposure. Col. Chamberlain will be a grand jury witness today, it was announced.

Warden Whitman also harshly criticized the Krump law, which gives the parole board supreme power in fixing the terms of convicts' imprisonment, regardless of the sentences imposed by juries and judges.

"The Krump bill is the most dangerous and vicious weapon against society," the warden told the grand jury. "It has upset the morale of prisoners because they realize that it places them wholly in the grip of the parole board. And with the common knowledge that only bribes or political pull will release them, those convicts with such power are brazenly defiant; those without it are desperate."

100 Cases to Confront Officials.

More than 100 parole cases in which criminals were freed by the parole board have been obtained by Assistant State's Attorney Emmett Byrne and Tyrrell Richardson, who have listed the records of the paroled convicts in each case.

They will be used, according to Prosecutors Carlstrom and Crowe, to confront Chauncey H. Jenkins, overlord of the Illinois prison system, and Will Colvin, chairman of the parole board, when the two state officials appear before the grand jury today or tomorrow. These officials' testimony will be awaited with interest, it was said, inasmuch as their own warden already has condemned the parole action.

Investigate Suburban Hannes.

Meanwhile the prosecutors' war on crime was directed also to the outlying towns of Cook county. Assistant State's Attorney Harold Levy has prepared grand jury subpoenas for the officials of all the country towns in which there have been instances of lawlessness.

Last night detectives under Chief Schoemakers were speeding to the villages, in each of which they left a summons for the mayor or village president and for the chief of police or constable.

Officials were summoned from Stickney, Lyons, Argo, Burnham, Burr Oak, Justice Park, Blue Island, Chicago Heights, Calumet City, Summit, Forest View, Melrose Park, Forest Park, Palos Park, Oak Lawn, and Niles.

The prosecutors' information is that

the entire county is cleaner today than in some years past as a result of the general drive on gangsters and the grand jury's investigation.

Peter Spingola a Witness.

One of yesterday's witnesses before the special grand jury was Peter Spingola, whose brother, Henry, was murdered by rival gangsters nine months ago. Henry Spingola, a brother-in-law of the notorious Genia brothers, was killed, his brother believed, because he refused to give plentifully to the defense fund for the two police killers, Albert Anselmi and John Scialli.

SUBURBS D WATER SUP CITY MUS

Study Started Chicago's P

Within the next few days declared the city engineers, a study will be made of the water supply problem of the city. The study will be made by the city engineers, who will be assisted by the city's water supply engineers. The study will be made by the city engineers, who will be assisted by the city's water supply engineers. The study will be made by the city engineers, who will be assisted by the city's water supply engineers.

Favors Municipal

Pressed by the demand for water for the city's water supply engineers, the city's water supply engineers have decided to favor the municipal water supply system. The city's water supply engineers have decided to favor the municipal water supply system. The city's water supply engineers have decided to favor the municipal water supply system.

Meanwhile, however, the city's water supply engineers have decided to favor the municipal water supply system. The city's water supply engineers have decided to favor the municipal water supply system. The city's water supply engineers have decided to favor the municipal water supply system.

The two private companies have applied for permission to build a water supply system for the city. The city's water supply engineers have decided to favor the municipal water supply system. The city's water supply engineers have decided to favor the municipal water supply system.

Offers to Build T
The Greater Chicago Water Board presented a plan which called for a water supply system for the city. The city's water supply engineers have decided to favor the municipal water supply system. The city's water supply engineers have decided to favor the municipal water supply system.

Plans of this concern call for a water supply system for the city. The city's water supply engineers have decided to favor the municipal water supply system. The city's water supply engineers have decided to favor the municipal water supply system.

Balked by the opposition in the commerce commission, the city's water supply engineers have decided to favor the municipal water supply system. The city's water supply engineers have decided to favor the municipal water supply system.

City Now Supplies
In his report to Col. Erickson said the city is now supplying water wholly or in part

ing water wholly or in part

SUBURBS DEMAND WATER SUPPLIES; CITY MUST ACT

Study Started to Form Chicago's Policy.

Within the next few weeks, city officials declared yesterday, Chicago must decide upon a solution of the important problem of meeting the water needs of its rapidly growing suburban areas outside of the actual city limits. With the population of these districts, especially those to the west, clamoring for an adequate water supply, they said, the administration must decide quickly upon its policy.

The city must either extend its municipal water lines, at an estimated cost of \$5,400,000, or relinquish the task to private firms with the possibility of being compelled to purchase the lines later if the communities should be annexed.

Favors Municipal Plan.
Pressed by the demands of two private companies for permits from the Illinois commerce commission, the city council a month ago adopted a resolution favoring the municipal plan.

John Erickson, city engineer, drew up a detailed report to Col. Sprague, commissioner of public works, showing the plan to be feasible and outlining the construction work necessary to carry out the policy.

Meanwhile, however, the question of financing has arisen and it is this difficulty that has held up a settlement. Corporation Counsel Busch announced yesterday that he had undertaken a study of the problem, but did not know what the outcome would be.

Insurance of water certificates, it is pointed out, is impracticable as they are part of the bonded indebtedness of the city, which is already close to the limit.

The two private companies that have applied for permits are the Greater Chicago Lake Water company and the Illinois Municipal Water company. Both companies agree to deliver water at the limits of the respective communities at a pressure of not less than fifty pounds a square inch, thus making it unnecessary to pump any water.

Offers to Build Tunnel.
The Greater Chicago company has presented a plan which includes a tunnel in 24th street eleven miles long to a creek four miles out in the lake, a pumping station in Cicero, and 250 miles of radiating mains with booster stations to 160 towns within an area extending twenty-eight miles from the proposed pumping station.

The second company seeking a permit, the Illinois Municipal Water company, proposes a less extensive system to cost about \$10,000,000 and serving about 200,000 residents. That number, however, is expected to reach 2,000,000 within 25 years.

Plans of this concern call for a pumping station and filter plant at the lake shore in Wilmette, an intake tunnel 2,000 feet long, and 31 miles of large mains.

Balked by the opposition of the city in the commerce commission hearings, attorneys for the two companies have presented a motion to compel the city to back up its municipal extension proposal with definite steps within thirty or sixty days. Another hearing will be held early next week at which Mr. Erickson will appear to tell of the city's plans. At this hearing both companies will decide upon their further course of action.

City Now Supplies Water.
In his report to Col. Sprague, Mr. Erickson said the city is now supplying water wholly or in part to a large

FATE MYSTERY

AIMEE SIMPLE McPHERSON.

Los Angeles, Cal., May 19.—(P)—While frantic search continued today along the beaches of Santa Monica bay for the body of Aimee Simple McPherson, internationally known evangelist, who disappeared from the strand at Venice yesterday, police were investigating the statement of detective Lieut. M. O. Barnard of Culver City, that he saw her in a sedan bound for Los Angeles at 2:30 o'clock in the afternoon.

Mrs. Minnie Kennedy, mother of Mrs. McPherson, disclosed today that her daughter had been very tired since her return from a tour of Europe and Palestine several weeks ago.

At last Sunday's services she asked her followers: "If I should die soon, you are all certain that you will carry on the work, aren't you?"

Mrs. McPherson was a strikingly handsome woman of less than 35 years with a magnetic personality.

number of communities located within the sanitary district and outside the corporate limits.

During 1925 the city supplied water to outside communities with a combined population of about 200,000, the report says. The average aggregate daily quantity thus supplied was 22,000,000 gallons with a maximum average daily supply of 29,000,000 gallons. This is equivalent to only 120 gallons per capita, whereas a fair requirement would be 230 gallons.

This situation has not only caused much hardship to these communities, says the report, but deters others from attempting to obtain a water supply from the city. Rather than incur the large expense of piping the water to a reservoir and again repumping to supply the proper pressure, it says, they prefer to adhere to their present artesian well supplies. Some suburbs, as Des Plaines for example, have banned to wells and there have been negotiations against Chicago chlorinated water.

Erickson Outlays Plan.
In order to extend first class service to the 450,000 people in the sanitary district area within two years, Mr. Erickson says the following major steps are necessary:

1. Construction of a pumping station at Mayfair, with a tunnel capacity of 45,000,000 gallons a day, at a cost of \$250,000.
2. Laying of a 48 inch water main in Harlem avenue from Wilson avenue to 29th street.
3. Erection of a booster pump station near the city limits at a cost of \$435,000.

W. E. D. STOKES IS DEAD AT 73 OF PNEUMONIA

Wife and Children Hurry East for Funeral.

(Pictures on back page.)

New York, May 19.—(Special.)—W. E. D. Stokes, owner of the Hotel Ansonia and long a figure in bitter divorce litigation involving his millions, died today at his home, 238 West 73d street, from pneumonia. He had been sick a week. He was 73 years old.

Attorney Samuel Untermyer received a telegram from the widow, Mrs. Helen Elwood Stokes, at the home of her mother in Denver, Col., saying that she had started for New York with her two children, James and Muriel. She asked that the funeral be deferred until after her arrival. At the Stokes residence it was said that the funeral would be held on Saturday morning at the Church of the Incarnation. This will allow time for the arrival of Mrs. Stokes.

Left \$8,000,000 Estate.

Mr. Stokes left an estate of a net value of about \$8,000,000. A legal appraisal was made recently for purposes of litigation. This showed the value to be in excess of \$7,000,000. Mr. Stokes left a will, it was ascertained from his lawyer, A. H. Gleason, who declined to discuss its contents.

Because of his estrangement from his wife and his efforts to deprive her and their two children of any further share in his estate, it is believed that he cut them off in his will, or left nominal sums to them. It was expected that the will would name W. E. D. Stokes Jr., his oldest son, as the principal heir.

W. E. D. Stokes was graduated from Yale in 1874. He became associated with his father in business and inherited his father's estate, valued at \$11,000,000.

Married Chilean Beauty.
The first marriage of Mr. Stokes was in 1885 to Rita Hernandez de Acosta, a Chilean heiress whom Paul Hellen pronounced "the most nearly perfect beautiful woman in the world." In 1900 Mrs. Stokes divorced him. She afterward married Capt. Philip Lydie.

On Feb. 11, 1911, Mr. Stokes married Miss Helen Elwood of Denver, who was then 22 years old.

Mr. Stokes began divorce proceedings in 1913, alleging misconduct with "upward of ten men." When Mrs. Stokes replied with a cross bill charging "cruel and inhuman treatment" a bitter fight which dragged for years was started.

In two years the courts cleared Mrs. Stokes. The courts refused her a divorce, however.

Obtains a Retrial.
Mr. Stokes obtained a retrial, but this had not started when Assistant District Attorney Pecora disclosed that four witnesses had testified falsely concerning Mr. Stokes' charges.

As an outgrowth of this, Mrs. Stokes sued "Weddie" Stokes, her stepson, for \$1,000,000, charging he had tried to defame her character. Also as a result of this Stokes and several witnesses were indicted in Chicago for the alleged "buying" of witnesses to defame Mrs. Stokes' character. A jury later acquitted Mr. Stokes.

The second divorce action continued for three years, ending again in defeat for Mr. Stokes. Mr. Stokes then started separation proceedings which ended in a settlement by which Mr. Stokes was said to have paid \$600,000 into a trust fund for his children.

CO-ED A SUICIDE

MISS GRACE BRYANT.

Oak Park co-ed, whose body was found in small lake in Urbana, was declared a suicide by the coroner last night. She is a senior at the University of Illinois and a member of Alpha Phi sorority.

(Story on page 1.)

ALLEGED FENCE, SOVETSKY, SUED FOR \$14,000 LOOT

CRIMINAL COURT.
Hanley Adams and Luther Harrington, larceny, sentenced to one to ten years each in the penitentiary. Frank Jury, conspiracy to defraud, sentenced to one year in the Bridewell. Gust Gimbels, larceny, sentenced to one year in the Bridewell. Judge William N. Broderick.

Leonard Butcher, murder, sentenced to fourteen years in the penitentiary. James J. Conroy, robbery, sentenced to one to ten years in the penitentiary. Roy Bell and Charles Molten, robbery, sentenced to ten years to life in the penitentiary. Judge Marcus Kavanagh.

James Bussey, assault to kill, sentenced to one year in the Bridewell by Judge William N. Gemmill.

Foiled in their efforts to extradite John Sovetsky, alleged \$100,000 fence, on criminal charges, two Wisconsin commercial concerns yesterday made Sovetsky defendant in two separate civil suits to recover \$14,000 lost in robberies in which Sovetsky and his wife, Martha, were charged with having conspired with the actual thieves.

Gov. Small last September refused to extradite the suspect.

The suits were filed in behalf of the White Store company of Green Bay and Charles J. Meyers, owner of the People's Clothing Store of Sheboygan. The White company listed losses of \$8,000, which, it is claimed, was the value of stolen merchandise traced to Sovetsky and his wife.

The People's company made similar charges involving a total of \$6,000.

ONE BOSS GROUP OFFERS PEACE TO PLASTERERS

Employing Association Asks Meeting.

William Balhatchet, president of the Employing Plasterers' association, yesterday extended an olive branch to the Plasterers' union in an effort to settle the strike of 3,000 journeymen plasterers, which was called nearly two weeks ago.

Extension of the peace offer was contained in a letter Balhatchet sent to the Plasterers' union asking a resumption of negotiations with a view of settling the controversy. It was said at union headquarters that this employers' association, employing about 800 men, is now willing to pay the demand of the plasterers for a wage increase from \$1.50 to \$1.75 an hour in order to capture a new contract which formerly was held by a rival employing plasterers' association.

Will Meet Balhatchet.
Edward O. Collins, union president, read Balhatchet's communication last night at a meeting of journeymen plasterers. He said he intended to comply with the request for a meeting and that he will appoint a committee to meet with Mr. Balhatchet either this or early next week.

Builders say the action of Balhatchet leaves the Employing Plasterers' association, the largest employers' organization which opposed the union's demand from the outset, in rather a peculiar position.

The builders say the union has had little to do to settle the strike, but remain on the sidelines and watch one association battle the other.

To Vote on Closed Shop.
After a meeting of the Carpenters' District council last night Harry Jensen, president, handed out the following typewritten statement:

"The constitution board of the Carpenters' District council submitted an agreement to the council which had been committed to them by leading general contractors of Chicago and calls for a closed shop for three years. The delegates to the council endorsed the same and it was referred to a referendum vote of the membership. The vote is to be returned May 28, 1926."

RACE TRACK TRAINS.
Burlington Route special trains direct to Running Races, Exposition Park, near Aurora, daily except Sunday. Leave Union Station, Jackson Blvd. and Canal St., Chicago, 12:15 P. M. and 12:45 P. M. (Chicago City Time). Round trip, \$1.50. Special trains returning directly after the last race. Westbound first train will stop at Western Ave. and Cicero Ave. and returning both trains stop at Western and Cicero—ADV.

Mail subscription—five in Ill. and outside of Chicago, Ind., Iowa, Kansas, Nebraska, and Missouri, one year, \$12.50. Outside of Ill., Ind., Iowa, Kansas, Nebraska, and Missouri, one year, \$15.00. Single copies, 5 cents. Foreign, \$1.50 per year.

Revision of Liquor Selling License Code Is Proposed
Ald. Jacob Arvey (24th) yesterday introduced in the council an ordinance to amend the city code dealing with the licensing of liquor dispensers. The measure provides a fee of \$50 for dealers whose sale of drinks is incidental to their regular business, and of \$200 for firms whose chief business is liquor dispensation. Its adoption, Ald. Arvey says, will force bootleg dealers into the open where they can be watched by the police and furnish the city \$400,000 additional annual revenue.

Finds Thief Trap Works; It Shoots Him in Leg
John Boly, 31 years old, 611 Hine street, was accidentally shot in the leg yesterday. A trap set with a shotgun, rigged up in his garage, intended for tire thieves, exploded when he entered the garage.

KILLED INSTANTLY BY TRAIN.
Frank Simpson, 65, who lived in a flat near a railroad camp at 27th street and Illinois Central railroad tracks, was instantly killed yesterday afternoon when he was struck by a southbound passenger train.

Pauline Lord Acquitted of Love Piracy Charge
New York, May 19.—(P)—Pauline Lord, actress, was acquitted in the Supreme court of the charge of love piracy made against her in 1922 by Mrs. Ruth Harris, wife of Mitchell Harris, actor. Justice Prosser dismissed the \$50,000 libelation suit of Mrs. Harris and taxed Mrs. Harris \$1,499 for the costs of the hearings.

19 Drowned in Russia as Raft Is Dashed to Pieces
Makhachkala, Russia, May 19.—(U. N.)—Nineteen persons were drowned when a raft was dashed to pieces in the River Sulak today.

YOUNG WIFE ENDS LIFE.
Mrs. Ella Hartman, 26 years old, 2010 Western avenue, ended her life yesterday afternoon by snuffing out her fumes. Her husband found her dead. He could not explain his wife's act.

BURIAL SERVICE FOR THOMAS DIRE TO BE TOMORROW

Funeral services for Thomas Dire, who was shot and killed last Monday night, will take place tomorrow morning at 9:30 o'clock from his home, 5451 South Michigan avenue. Burial will be in Mount Carmel cemetery.

Young Dire was the son of Joseph Dire, a railway coal handling contractor, residing in Oak Park. The senior Mr. and Mrs. Dire were at the home of their son last night, where, with their daughter-in-law, Mrs. Mabel J. Jackson Dire, they denied reports they had barred their Oak Park home to his son.

"My son was not a gangster, as reported," Mr. Dire said. "He was married two years ago and naturally then he had his own life to lead. But he was always welcome at our home. The bitterest part of our tragedy lies specially better for his mother and wife, is the story circulated that he was a member of a lawless gang and that we had repudiated him."

VARE'S VICTORY SENDS HOPES OF WETS SOARING

Plurality Is 98,592 in Latest Returns.

(Continued from first page.)

defeat if possible. Although Pennsylvania is an overwhelmingly Republican state the Democrats would feel they had a fair chance to win if their candidate were the beneficiary of a bolt of dry Republicans. Whether, however, the dries go to Wilson or are divided between Wilson and Pinchot, the wet Democrats will be driven to support Vare.

Illinois and Massachusetts.

Similar situations exist in several other states, Illinois and Massachusetts being examples.

In Illinois modification of the Volstead act is going to be a leading issue in the contest between George Brennan, Democrat, and Frank Smith, Republican, for the senatorship. Brennan, winning wet, is bound to receive the support of an enormous number of wet Republicans.

In Massachusetts the battle will be between Senator William M. Butler, chairman of the Republican national committee and close friend of President Coolidge, and former Senator David I. Walsh, Democrat. Walsh is wet and will get considerable wet Republican support unless Butler satisfies the most element of the party with his position on the modification question.

Commenting on the primary result before leaving for Washington today, Congressman Vare said that he does not consider his nomination a "personal victory."

"I regard it rather," he said, "as a victory for the people of Pennsylvania, they believing in my platform and feeling that I am an agency for the expression of their will and desire for a return of personal liberty and further noninterference with American rights, which the constitution of the United States originally granted to them."

15 Workers Burned by Power Line Short Circuit

MOSCOW, May 19.—(U. N. P.)—Fifteen workmen who were touching metal parts of a locomotive were burnt beyond recognition as the result of a short circuit on an electric transmission line near Moscow today.

BILL FOR NEW YORK REFERENDUM ON DRY ACT BECOMES LAW

Albany, N. Y., May 19.—(Special.)—Gov. Smith today wound up his work on the final list of measures sent to him by the legislature when it adjourned, by giving the approval to the Karlo-Pepper bill providing for a prohibition referendum at the general election in November. Under the bill, the people will decide whether they desire the Volstead act amended to permit the states to determine the amount of alcoholic content which is "in fact, intoxicating." That the dries will use the amendment process in an attempt to force a popular verdict is certain.

Gov. Smith, in explaining his favorable action on the measure said: "The fanatics on both sides of the question view the situation through the blurred glasses of prejudice. The bill will allow for the present the attitude of the people of this state on this whole question. If the voice of the people means anything in democratic government any vehicle through which it can be ascertained is to my mind desirable."

JENKINS' ACTION INDICATES SCOTT IS FOUND SANE

Springfield, Ill., May 19.—(Special.)—Attorney General Carlson is to determine what course will be pursued with reference to the case of Russell Scott, under sentence of death and held in the Chester Hospital for the Criminally Insane. Following the examination made at Chester by State Criminologist Herman Adler and Supt. Hinton of the Elgin hospital, the matter was referred to the attorney general's office by Director of Public Welfare C. H. Jenkins.

The latter received the report of the commission but declined to discuss it. It is assumed, however, that if Scott had been declared insane no question would have arisen demanding an opinion from the attorney general.

It is taken for granted that Scott was found to be sane and that the attorney general is asked to advise regarding the procedure to be followed in sending him back to Chicago.

100 Seized in Raid on S. W. Side Gambling Joint

Harry Goldberg and several customers were attending the horse races, by telegraph, at 1369 Blue Island avenue yesterday, when in walked Lieut. William Haul and a squad. The dice stopped rolling, the police say, and the hands that were dealing cards or jilling chips became still. The police called ten patrol wagons into which Goldberg's 100 customers were put.

SENATE ORDERS SLUSH FUND QUIZ IN PENNSYLVANIA

Illinois Primary Outlay Is Also to Be Audited.

(Continued from first page.)

"welched." It has been a hot, heavy day in Washington, and gentlemen who had been scurrying around to save their political bacon—and had lost it—were just too tucked out to resent any epithet.

Reed Has Good Time.

So Reed chortled over them thus: "The fact is that thirty-four of you voted against taking up this resolution, and then twenty-one of you—and I am going to drop into the ver-nacular—welched inside of seven and three-quarters minutes."

It is a remarkable exhibition of intellectual activity. Yes, in that period of time twenty-one senators changed their minds. If we had had two or three minutes more the other thirteen would have changed also, in my judgment.

The speaker's reference to "the other thirteen" meant the thirteen unlucky Republicans who alone fought his resolution to the end.

Reed originally offered his resolu-

tion to investigate primary campaign expenditures last April, during the McKinley-Smith contest in Illinois. Since then he vainly has tried to get action on it. Today, he stamped action by ingenious strategy. Pat Harrison (Dem., Miss.) led off the battle with one of his characteristic diatribes on the alleged Pennsylvania slush funds, saying:

"Mr. President, already charges in regard to the primary fight in Pennsylvania have been made."

Charges of Corruption.

"One of the newspapers this morning carried the story that Senator Pepper's friends and his managers had stated that there were too many votes polled for Vare in Philadelphia, alleging indirectly—and, I suppose, in a short time the allegation will be made directly—charges of corruption."

Senator Harrison then quoted newspaper accounts of corruption in Pennsylvania and before the senate quite realized what had happened the big guns were booming. What had started as one of Harrison's blatant and jocular skirmishes, which nobody takes seriously, became real war.

Reed of Missouri moved that his resolution of last April be taken up for consideration. The vote to do that was 45 to 34, the 34 nays being all Republicans. Among the 45 yeas were 19 Republicans and the Farmer-Laborite, Shipstead of Minnesota.

Fourteen join Democrats.

Then came the vote on passing the resolution. It was 59 to 13—these 14 Republicans joining the Democrats in voting to pass the resolution.

Butler, Cameron, Cummins, Curtis, Dale, Gooding, Harrell, Jones of Washington, McMaster, Pine, Stanford, Wells, Williams, and Willis.

The essence of Reed's strategy was that, by seizing upon the Pennsylvania charges to revitalize his April resolution, he put his opponents in a pocket. They could not, at a time when the newspapers are publishing

the Pennsylvania allegations, afford to be placed in the position of seeming to wish to smother investigation.

David Reed of Pennsylvania fought hard for his state's name, saying: "I do not for a moment believe that there has been wholesale corruption, and I do not believe that any candidate or group spent anything like \$2,000,000. The figures referred to are the usual exaggerations that follow an exciting primary contest."

Voted Boose Sentiments.

"I believe the people of my state have failed to recognize the services rendered them by Senator Pepper. In my opinion the voters wanted to express their views on the question of modification of the national prohibition law, which was made an issue in the primary, and they thought this was the only opportunity they would have to do so."

"But, in all probability, if Mr. Vare is elected, he will not have an opportunity during his six years to vote on that question in the United States senate. I believe that this question ought to be taken out of politics by allowing the people to vote on it in a referendum."

"And whatever the people's decision in such a referendum shall be I shall accept their decision as a mandate."

"Another pertinent coming to the members' bench," was Reed of Missouri's tart comment, but Borah (Rep., Idaho) would not laugh off the Pittsburgher's belated conversion to the cause of a referendum.

Borah Fights Referendum.

"The fundamental basis," thundered Borah, "on which this government rests is representative government and not government by referendum. The people have a way of expressing their opinions by retiring men from public office. I take the position that the establishment of a precedent of holding referendums to ascertain the popular will on a question would make

members of the senate mere clerks to record the result of a referendum instead of exercising their judgment."

But Reed of Missouri swept all the other orators off their feet when he released his impassioned apostrophe on the sanctity of the ballot. Declaring that the purity of elections is "the most serious question confronting the people of the United States," the senator from Missouri closed with these words:

"Now, Mr. President, the charge is made, and not categorically denied, that there were expended from two to five million dollars in the state of Pennsylvania yesterday and in the few days preceding. I do not know the facts."

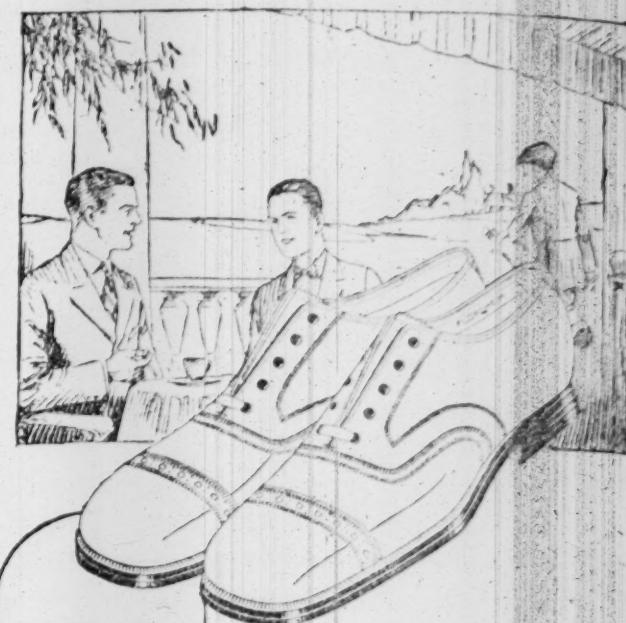

Worse than Anarchy.

"If the charge be true, every man concerned in it ought to be in the penitentiary as soon as he can be brought to trial. We are sending men to the penitentiary now for selling a bottle of beer to a man who wants to buy the bottle of beer. We are filling our jails with men who have committed acts that are really malum prohibitum, but here is an act which, if it be permitted to fasten itself as a custom upon the body politic, will, like a cancer, eat into the heart of the republic and destroy it utterly."

"To gain the boon of liberty, men have lain behind prison walls and brown locks turned to gray and rotted on their temples. To gain the boon of liberty for us, to establish here a free government, our fathers rallied to the standard of revolution."

"So, who will lay unholy hands upon that privilege is worse than an anarchist, he is worse than any traitor who has ever sought to betray his country, for he has betrayed his country."

PEDESTRIANS CLASH, ONE IN HOSPITAL. Running for a Madison street car at La Salle and Madison streets yesterday, Cora Johnson, 50, 4439 North Clinton avenue, ran into another pedestrian, was knocked down, and suffered a fractured hip.

VARE VOTE STIRS REED TO GO TO VOTERS ON BEER

Will Seek Referendum in Pennsylvania.

Washington, D. C., May 19.—(Special.)—News of the defeat of Senator James Wharton Pepper was hailed by Washington as a victory and a reason for early modification of the present prohibition law.

One of the first effects of the victory of Representative William S. Vare, who ran on a drinking wet platform, was the issuance of a formal statement by Senator David Reed (Rep., Pa.), colleague of Senator Pepper and one of his strongest supporters, that Pepper's defeat was "a protest vote on prohibition" rather than punishment for his advocacy of the wet cause. Senator Reed declared that the wet and dry question could be settled only by a direct referendum.

Will Ask for Referendum.

"I expect to advise my friends in the Pennsylvania legislature," Senator Reed declared, "to support the proposition for such a referendum. The question can only be settled by a referendum not complicated by the personalities of candidates and the introduction of other issues."

Later, after a call at the White House, where he and Secretary of the Treasury Mellon discussed the defeat of Senator Pepper with President Coolidge, Senator Reed again urged the holding of a referendum on prohibition in order that unfit men might not be enabled to get into office simply by making a popular issue.

Representative Bill (Dem., Md.) said that yesterday's action in Pennsylvania indicated that modification of the dry laws was coming swiftly. Senators Egan (Rep., N. J.) and Edwards (Dem., N. J.) asserted that the prohibition issue brought defeat to Senator Pepper.

State Serves Notice.

W. H. Stayton, national chairman of the Association Against the Prohibition Amendment, asserted "It means the greatest Republican state in the Union had served notice on the Republican party in unmistakable terms that it must purge itself of Volsteadism. The wet victory is absolutely clear cut."

Wayne B. Wheeler, general counsel of the Anti-Saloon league, asserted that "after all Pennsylvania went dry yesterday by 100,000." This was based on the fact that Gov. Pinchot and Sen. Pepper together polled more votes than Representative Vare.

Vare Victory Raises Cry for Illinois G. O. P. Damp Plank

The Vare wet victory in Pennsylvania Tuesday was the main subject of conversation and speculation in Cook county political camps yesterday. Among other things it developed:

Renewed determination on the part of the Crowe-Barrett forces to include an anti-Prohibition plank in their county platform when their convention is held after the primary proclamation is issued.

Humors of an early shakeup in federal patronage offices here as a result of Col. Frank L. Smith's present position in Washington to urge administration pressure towards Republican factional harmony in Cook county.

Vote Called Prohibition Test.

General acceptance of the Pennsylvania result, at full face value as a thorough test of prohibition and as conclusive evidence that the fight between Smith and Democratic National Committeeman George E. Brennan for the McKinley senatorial toga will be much more than a contest between a Republican and a Democrat in a strong Republican state.

Brennan declares that prohibition cannot be termed a party issue as a result of what happened in Republican

Pennsylvania and that personalities will count no more in Illinois next November than they did in the Keystone state Tuesday. Prohibition is the only issue, he says.

Some leading Republicans suggested an immediate declaration from Smith favoring modification or at least a referendum on prohibition. The Republican candidate is expected back in Illinois tomorrow.

Smith and Deneen Confer.

Smith and Senator Deneen are understood to have held a conference in Washington yesterday on federal patronage in Chicago. Meantime, the hints of a Chicago shakeup included the names of Probate Court Clerk John F. Devine for postmaster, Henry C. W. Laubenthal for United States marshal, and Municipal Judge Daniel P. Trude for district attorney.

Those three were among the Deneen candidates defeated in the April 13 primaries.

Slow progress in rechecking part of the primary vote apparently will delay the election commission's proclamation until next Monday. It was indicated yesterday that it was indicated that there have five days in which to decide whether to contest the result of the primary.

FLYER KILLED IN LINE OF DUTY, IS INQUEST VERDICT

Ross Kirkpatrick, Ford flyer, who was killed Tuesday when his plane crashed during the sudden storm, met death in an unavoidable accident in the performance of his duty, a coroner's jury decided yesterday at Summit, near where the accident occurred.

R. W. Schroeder of Dearborn, Mich., superintendent of the Ford air service, testified he believed the flyer was killed while obeying instructions to avoid striking the plane against the high tension electric line between Lockport and Chicago. Kirkpatrick will be buried at Los Angeles, Cal., where his parents live. His widow resides at Dearborn.

Two other deaths besides that of the aviator were caused by the storm which swept northern and central Illinois, northwestern and central Indiana, and parts of Ohio with a property loss estimated at \$500,000. William Arnold, a farmer living near Fort Wayne, Ind., and Virgil McQuiston, son of a Kenton, O. farmer, were killed by lightning. The property damaged at Harvey, Ill., was placed at \$500,000.

POISON FROM SPLINTER IS FATAL.

Runaway splinter from one of the flyers, while working at the Republic factory, 912 North Halsted street, Oscar Williams, 40, died of blood poisoning yesterday at his home, 834 Orleans street.

U. S. MAPS NEW BOOZE STRATEGY IN CHICAGO AREA

A. P. Madden to Handle Concerted Inquiry.

(Chicago Tribune Press Service.)

Washington, D. C., May 19.—(Special.)—Plans for placing Arthur P. Madden, special agent in charge of the intelligence unit of the internal revenue bureau at Chicago, in full control of the investigation of big liquor conspiracies originating in that district will be issued shortly.

This move will mark the beginning of a determined campaign against liquor conspiracies which it is expected will result in materially drying up the Chicago territory. A force of additional agents, twenty or thirty strong, will be assigned to Mr. Madden in order to facilitate his carrying out of his new duties.

The new arrangement is copied after the recent plan inaugurated at San Francisco, where all government forces fighting liquor and narcotic smuggling rings were consolidated under the control of the local head of the intelligence unit.

Mr. Yellowley will be asked to cooperate with Mr. Madden through his Chicago agent, in the handling of liquor conspiracies.

Widow Bequeathed Entire \$400,000 Leserman Estate.

Mrs. Johanna Leserman, 5238 South Park avenue, will receive all the estate of her late husband, Herman Leserman, commission merchant, according to his will filed yesterday. The value of the estate was estimated at \$400,000.

LOST PENSION BILL OF TEACHERS SIGNED BY GOV. LEN SMALL

Springfield, Ill., May 19.—(Special.)—Gov. Small today signed the "lost teachers' pension bill" which disappeared during the closing days of the general assembly. A delegation of Chicago instructors who came here to urge that he give the bill his approval witnessed the signing.

Speaker Scholtes and Lieut. Gov. Sterling already had signed the measure and Attorney General Carlstrom had decided that with the governor's signature, it could become a law. It provides that Chicago teachers over 75 years old be retired on a pension of \$1,500 a year and that retirement follow in succeeding years until all teachers of more than 70 years are relieved.

MRS. LILLY GIVES UP; WILL RETURN TO KENTUCKY

Suddenly deciding not to fight extradition, Mrs. Maude McLaughlin Lilly, wife of the man charged with the murder of her husband, James McLaughlin, last December in Lexington, Ky., told Judge J. P. Harris last night she was willing to return to Lexington with Detective J. L. Sellers and plead not guilty to the charge.

Intimating that it was her own son who killed McLaughlin, Mrs. Lilly said the boy, whom she described as "my dearest friend," shot at self-defense during a quarrel when McLaughlin threatened the boy's life.

Both of the woman's children, John, 8 years old and Inez, 4, were present in court with her sister, Mrs. Irene Blankholm, 2401 South Park way. Mrs. Lilly will be taken back to Lexington this morning.

HELD ON BAD CHECK CHARGE.

Rudolph Kumpel, 25 years old, 4312 Kenwood avenue, was held to the grand jury yesterday in bonds of \$5,000. He is charged with passing worthless checks.

HOUSE VOTES TO BAR SENDING OF PISTOLS BY MAIL

Fixes Severe Penalty for Violations of Law.

Washington, D. C., May 19.—(Special.)—After a short debate, the House today passed the Sanders bill prohibiting the transportation through the mails of pistols and revolvers.

The penalty for violating the provisions of the bill was set at two years imprisonment, or a maximum fine of \$1,000, or both.

The bill specifically provides that pistols, revolvers, and other firearms capable of being concealed on the person are declared nonmailable. Mailing of the prohibited articles and their delivery knowingly by any postmaster, letter carrier, or other person in the postal service is forbidden and punishable under the act.

As the bill was amended before submission to the house today, revolvers and other firearms defined under the act may be transported through the mails for use by army and navy officers. National guard officers, members of the reserve corps, employees of the postal service in certain instances, watchmen, and certain designated United States officers.

Moron Beats Woman in Hallway with Gun; Flees

Mrs. Harry Ploughman, 2324 Addison street, on returning from a grocery late yesterday afternoon was followed into the hall of the building in which she lives by an unidentified moron who attempted to assault her. She screamed and the man struck her with a revolver and fled.

SUBURBS VOTE TO ANNEX SAME LAND; NO FIGHT

It appeared yesterday that Lake Forest, by a sort of priority of claim, had obtained the land on the annexation of which residents of Highland Park also voted. The land included the Cyrus H. McCormick estate, the old Elm club and some land subdivided by George Nixon.

Lake Forest voted a week ago, and Highland Park on Tuesday. It was said at Highland Park yesterday that there would be no court fight over the claims of Lake Forest.

FORESYTHIAS which have now ceased blooming should be pruned. Cut off the oldest canes close to the ground. Pruning Shears, full polished, \$6.25 each, \$1.85.

SOW the seeds of Salpiglossis in the garden where the plants are to be sown, and thin them out to stand 4 and 6 inches apart. They are more likely to grow and flower than if started under glass and transplanted, as they dislike being moved. These flowers are especially interesting, and we recommend the darker shades, which come at 15c a packet.

PLANT seeds of Calliopis now in order to have abundance of flowers for cutting in midsummer. Thin to six inches in the rows. Another sowing again a month later will give you flowers for fall. Your choice of varieties at 10c a packet.

PLANT the seed of Helichrysum now in order to have flowers to dry for winter decoration. This is the best of the Straw-flowers. Plants will begin to bloom in August and will flower until frost.

START planting Gladiolus corms now—and follow at weekly intervals for a succession of bloom. Garden Beauty Collection of 25 large bulbs, \$1.00.

APPLY liquid manure to the Peonies and Roses while the buds are developing.

SPRAY the apple and pear trees as soon as the petals fall but not before with Arsenate of Lead. Strayers from 75c each and up, according to capacity.

SET seedlings which have been started in cold frames or in the house out in the open ground, but pinch them back a little in order to make them take on stocky growth.

EARLY annual plants now ready for sale. Come in and make your selection.

THE choicest Peony blooms are obtained and the season extended by removing the center buds, taking them between the thumb and finger and twisting them off, care being taken not to injure the stems.

REPAIR parts for Philadelphia lawn mowers, A and K wheels, knives, etc., carried in stock.

CABBAGE, celery and tomato plants may be set out now, but the weeds should be done in the cool of the day. Put a paper collar around the tomato. If the heavy clay soil, apply water towards night rather than in the morning to prevent the soil from being baked by the sun. Our plants are all hardened for transplanting. For cutworms we suggest Slug Shot at 20c a pound, five pound packages at 90c.

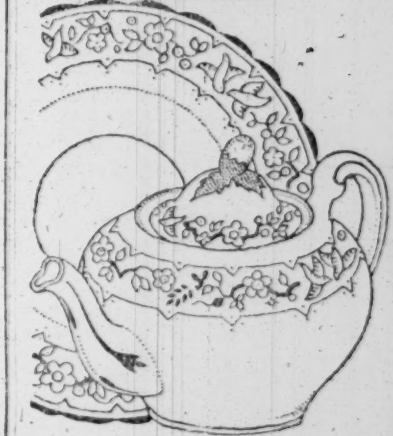

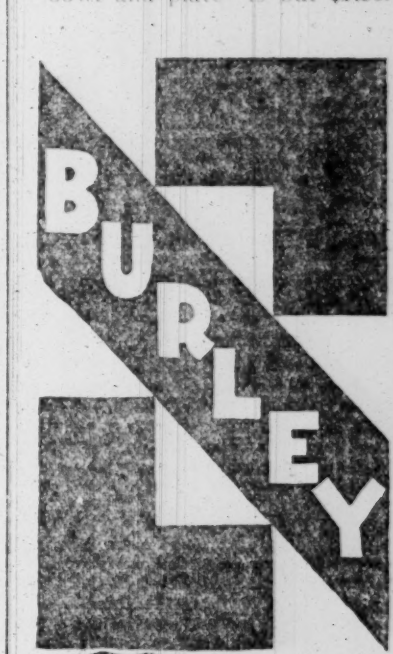

UNRIVALED was bean is a variety which is commanding gardeners' attention, and we recommend it for an early garden bean. A long, round, pointed, early wax bean, a very fine variety, and we suggest that you grow it this season. Beans may be planted now. We hope the frost is over. Carton, 25c; pound, 50c.

REPAIR parts for Philadelphia lawn mowers, A and K wheels, knives, etc., carried in stock.

CABBAGE, celery and tomato plants may be set out now, but the weeds should be done in the cool of the day. Put a paper collar around the tomato. If the heavy clay soil, apply water towards night rather than in the morning to prevent the soil from being baked by the sun. Our plants are all hardened for transplanting. For cutworms we suggest Slug Shot at 20c a pound, five pound packages at 90c.

UNRIVALED was bean is a variety which is commanding gardeners' attention, and we recommend it for an early garden bean. A long, round, pointed, early wax bean, a very fine variety, and we suggest that you grow it this season. Beans may be planted now. We hope the frost is over. Carton, 25c; pound, 50c.

WIFE TELLS WHY PILSUDSKI WILL NOT BE DICTATOR

Wants to Make Poland a Real Democracy.

WARSAW, May 19.—(AP)—Marshal Pilsudski refuses to become a dictator, his wife said today, "because a dictatorship means dependence upon one man when that man dies, his work dies, his work falls."

"He wishes to raise the whole nation to something higher, a real democracy," she told the Associated Press correspondent who visited her at her home in the village of Sulejow, twelve miles from Warsaw.

Mrs. Aleksandra Pilsudski is the late Pilsudski's mother of two young daughters, 6 and 8 years old, and is the marshal's second wife.

Marshal Surprised by Revolt.

"The marshal was the most surprised man when swept away at the head of a revolution," she said. "The march on Warsaw" rudely interrupted the marshal, who was engaged in writing what she described as "the most romantic memoirs ever written by a Pole." The book is entitled "One Way to Becoming a Fool," and it depicts his dramatic and romantic exploits and escapades and narrows down his earlier works dealt with purely military affairs.

Mrs. Pilsudski pointed out the unexpectedness of the situation coming upon the marshal, saying they had invited friends for a house party May 13. (The revolt was launched May 12.) The marshal, she asserted, did everything possible to prevent the use of guns, but the government troops fired indiscriminately. She described her husband as a man who forgot all political cares when he was with his family.

Dejected Over Loss of Lives.

"He is terribly dejected over the lives lost," she said. "His great hobby is agriculture and planting apple trees, and he has a special pride, as well, in raising bees, and he is greatly puzzled how the bees can make all others work."

Gen. Pilsudski worked on his book only late at night, she said, dictating everything to her, and never writing a line himself. As he walked up and down the room he smoked incessantly. He ate only simple food and neither drinks nor plays cards, except solitaire.

Mrs. Pilsudski's talk was characterized by sincerity, frankness, and simplicity. She had a winning sense of humor. The room in which the correspondent was received was a simple parlor, the walls of which were decorated with battle scenes and family portraits. The two little daughters were called in to greet the visitor and then sent out to their governess. They had seen "daddy" but a brief

\$20,000,000 CONCERN ASKS TO OPERATE BUS ROUTES IN MANHATTAN

New York, May 19.—(Special).—An eleven-hour proposal to operate a borough-wide bus system in Manhattan by a \$20,000,000 corporation composed of New York business men was submitted to the franchise division of the board of estimate today by Samuel R. Risooff, ex-newsboy, subway builder, and general contractor, now representing the Borough Motorbus company.

The board of estimate set May 20 as the final limit for the reception of bids for bus operation franchises. The company would operate over twelve routes, which would be divided into several zones, a fare of 5 cents being charged for each zone. Children would be transported for 3 cents a ride, regardless of the number of zones traversed. Firemen and policemen would be transported free.

In all there are approximately eighty-five franchise applications now pending.

moment since he left for Warsaw a week ago. The marshal's home is guarded by three gendarmes.

Absolutely Refuses Dictatorship.

Marshal Pilsudski absolutely refuses to consider a dictatorship, despite urgings from different quarters. The attitude of the man who now controls Warsaw was communicated to the correspondent today by Col. Wladyslaw Debuszewski, the marshal's principal aid and intimate friend.

"The national assembly will be summoned at Warsaw," he declared, "and I elect a president of the republic, and its decisions will be respected."

Marshal Pilsudski, his spokesman continued, is determined to maintain the constitution, knowing that no single party can give Poland peace at home and strength against external dangers. The marshal was described as being in good health, with the exception of slight heart troubles, attributable to age and the fatigue caused by the four days' struggle in the capital.

Outside of Posen, where difficulties persist, the country is reported to be calm and orderly.

7 CENT CAR FARE WINS; TRANSFER RECEIPTS VOID

Federal Judges Evans, Anderson, and Page yesterday ruled in favor of the seven-cent fare now in effect on the Chicago Surface Lines. The Illinois commerce commission was perpetually enjoined from enforcing five and six-cent rates. It was estimated that several hundred thousand transfers, held by car patrons since 1922 as receipts for the seven-cent fare, were voided by the court order.

No one knows how many of the transfer slips were actually saved by car riders, but a few years ago when the agitation was on they were frequently and loudly advised to "save your transfer slips."

FRANCE, BELGIUM CLASH WITH U. S. AND J. B. ON ARMS

Anglo-American Formula Hit at Geneva.

BY LARRY RUE.

(Chicago Tribune From Service.)

GENEVA, May 19.—Today's session of the preparatory disarmament commission of the league of nations closed with virtually every speaker opposing the views of Lord Cecil of Great Britain and Hugh Gibson of the United States that the popular conception of armaments only can be taken as the basis for general disarmament.

Netherlands and Sweden inclined toward the French thesis that inviolable war factors also must be considered. Jugo-Slavia openly and Belgium indirectly asked the commission how far it is willing to go to guarantee that the formula it recommends is accurate.

Bows to French Demand.

The commission decided that only peacetime armaments could be limited by international agreement. But it accepted a reservation of Paul Boncour of France that any formula on the reduction of peacetime armaments must recognize the geographic, economic, and military conditions, as well as population, upon all of which wartime power depends.

The question of what constituted offensive and defensive armaments was discussed at considerable length.

REICHSTAG GIVES MARX CABINET LARGE MAJORITY

BY SIGRID SCHULTZ.

(Chicago Tribune From Service.)

BERLIN, May 19.—Chancellor Marx, under whose guidance Germany accepted the Dawes plan in 1924 and entered an era of better understanding with its former enemies, and who today again heads the government, presented himself and his cabinet to the reichstag today. With a large majority, composed of the German People's party, Centrists, Democrats, Socialists, and economic party of Germany, the legislators accepted the Marx government's declaration.

Dr. Marx pledged his word to continue Dr. Luther's foreign policy and the spirit of the Locarno agreement.

In internal politics he said he would stand by the flag decree which led to the overthrow of Dr. Luther by the Democrats. But he promised the German republican parties that the gov-

ernment would prepare a new law on the German national flag, around which all the parties could rally, as suggested by President von Hindenburg.

The second big issue which Chancellor Marx discussed was the expropriation of the property of the German princes, which is to be decided by Germany in a popular vote June 29. He promised to respect the vote of the majority if it favored expropriation. Thus he won the support of the Socialists.

Following a conference with a committee from the North Central association, which asked the park board to agree that the land east of the improvement would be used for park purposes only, David H. Jackson, president of the board, announced that he had instructed the park attorney, Robert H. Farrell, to draw up an agreement that will protect the property owners, all of whom have consented to the two-way drive.

With the owners unanimously consenting to two forty-five foot driveways with a ten foot parkway in the center, President Jackson said he hoped work on the improvement would start immediately.

FALL ON SIDEWALK FATAL.

John Carl, 45, 2147 Belmont avenue, died of skull fracture yesterday at the Hamilton Memorial hospital. He had fallen on the sidewalk at Grand avenue and Franklin street.

WIFE NO. 1 SEES NO. 2'S "AD," SO JAIL FOR MATE

During five weeks of marriage with Glenn DuBois, now in the county jail awaiting sentence for bigamy, Mrs. Lulu Morgan DuBois, 6236 South Halsted street, heard nothing but boasts from him concerning his former wife.

So she advertised in a newspaper, she told Superior Judge Joseph Sabath yesterday in answer to questions by Attorney Joseph A. Kolb, asking that DuBois' former wife get in touch with her.

Mrs. Etta F. Guthrie appeared with the interesting information that DuBois had never obtained a divorce from her. Judge Sabath indicated he would annul Mrs. DuBois' marriage.

Safe Relief—

Without ill effects on heart or stomach

Do you "Rob Peter to pay Paul?" When you "take something" to relieve headache, colds or pain?

For years Doctors have known that the commonly used drugs for relieving pain often depressed the heart or upset the stomach—and that users were robbing Peter to pay Paul.

That is why a group of eminent physicians started new medical research work in this field ten years ago. After years of observation and experiment they finally produced a balanced formula, now marketed under the name **An-a-cin**.

The formula (An-a-cin) contains only well-known, proven medicines. Aspirin and acetaminophen are combined to give prompt sustained relief from pain. Any tendency to depress the heart or disturb the stomach is effectively counteracted by two well-known corrective medicines.

The ingredients are so scientifically

proportioned and balanced, that An-a-cin may be safely administered even to children. An-a-cin is safe for women to take at any time.

Remember that An-a-cin has stood the test of time and usage. Doctors and dentists prescribe it in thousands of cases; hospitals and clinics dispense it because An-a-cin is safe.

Nothing equals it for safe, sustained relief. An-a-cin contains no narcotics. Therefore, no habit forming. Printed list of ingredients in every package. You know what you take. In handy pocket tins at all drug stores.

For Neuralgia, Toothache, Earache, Headache, Fever, La Grippe, Colds, Rheumatism, Neuritis

REACH ACCORD ON NEW DRIVE AT OAK STREET

(Picture on back page)

Efforts of the Lincoln park commission to break the north side's bottleneck at Oak street and Lake Shore drive by adding another driveway east of the present boulevard moved another step forward yesterday.

Following a conference with a committee from the North Central association, which asked the park board to agree that the land east of the improvement would be used for park purposes only, David H. Jackson, president of the board, announced that he had instructed the park attorney, Robert H. Farrell, to draw up an agreement that will protect the property owners, all of whom have consented to the two-way drive.

With the owners unanimously consenting to two forty-five foot driveways with a ten foot parkway in the center, President Jackson said he hoped work on the improvement would start immediately.

Everyday FOLKS

and their Breakfasts

Out in all kinds of weather, he wants "good food that tastes good, too"—so it's Puffed Rice for him.

HUSKY men have a soft spot for hearty foods and should have them.

That's why Puffed Rice is such a universal favorite. It proves "food that's good for you" can be wonderfully delicious, too.

It provides the important carbohydrate energy of fine rice—and has the rich flavor of toasted nuts.

Tastes entirely different from any other cereal known.

Each grain is steam puffed to 8 times its natural size, then oven crisped to rare flavor. Children take to it like a confection.

It's a cereal dainty—plus fine, rich food. Costs a couple of cents a box more, maybe, than an ordinary "seven and six" dish; but that makes but little difference in a lifetime. The main thing is that the folks enjoy it.

Get Puffed Rice at any grocery store. You'll delight in finding the "something different" that you crave.

SYRIANS ATTACK LEAGUE RULE AND FRENCH CRUELTY

Bitrayed by 4 Governors,
Leaders Charge.

BY GEORGE SELDES.

(Chicago Tribune Press Service.)

DAMASCUS, Syria, May 19.—After days of proposals, counterproposals, and suspensions, THE TRIBUNE correspondent, with another American, was able to visit the rebel headquarters today in the heart of ancient Damascus. Here seven nationalist leaders, closely connected with the groups springing outside of the city and in the Duse land, presented peace terms and stated their grievances against France.

With the greatest difficulty the revolutionaries were persuaded to speak freely. They had previously objected to the visit, fearing French detectives would follow. Now they are afraid the French authorities. Finally convinced that THE TRIBUNE correspondent would not name nor describe them or the base, street, or section of the city, they spoke for two hours on everything from the alleged atrocities of the French troops to the Syrian unity for independence along the lines promised by Woodrow Wilson.

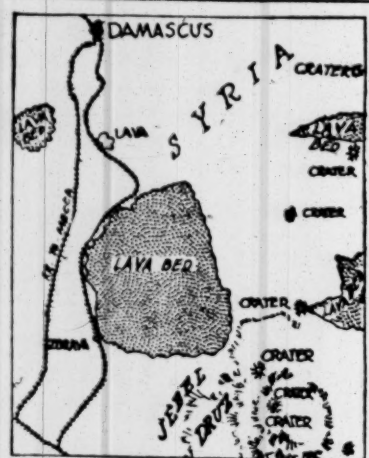

Scorn Mandate Power.
"The peace terms are all right, as far as they go," the leader said, referring to the ten point program on which the eventual peace probably will be based. "The most important thing is that we cannot trust France. Four successive governors have betrayed us as the Druses—why should we lay down our arms now and accept everything Commissioner Jouvenel promises?"

Discussing the terms separately, the rebel chieftains, some of whom are blood relatives of the commanders of the rebel army, admitted that lack of confidence in the mandatory power is the chief obstacle to the peace proposed by the French. The French troops evacuation of Syria is the sole means of restoring good faith. In the failure to reach such an agreement, they proposed that a league of nations commission come to Syria and arrange peace.

Demand Syrian Plebiscite.
The rebel leaders proposed that M. Jouvenel show bona fide regard for the Syrian unity, which is the third point of the peace program, by releasing the Syrian part of Lebanon from the state of Loason immediately, proclaiming a Syrian national state and holding a plebiscite only in those portions which grumble. At present it is understood that a plebiscite in all parts is projected.

Finally the rebels seemed satisfied with the entire program, while repeating that it was the manner of carrying it out that they did not trust. They admitted that it was necessary for a power to hold the mandate, chief-

LAST STAND

The Druse tribesmen have converted the volcanic craters, of which there are many in their country, into so many strong points. The French are using airplanes to bomb the craters in the hope of thus subduing the Druses. There have been many battles in out of the way places. The map shows the bare and volcanic nature of the land.

ly because religion, not nationalism, is the fatal trouble in Syria. Murder and massacre among the Christian and non-Christian elements, which have marked Syrian history for 600 years, would break out if the mandatory power were removed, they conceded. Every one condemned the league of nations mandate, which made possible every interpretation and which failed to provide the people under the mandate a voice in the league meetings. The rebels proposed that whenever a mandate was given to one power the league should send a commission of members from various states to investigate or sit permanently to listen to the complaints of the people under the mandate.

"The trouble started because certain French officials regarded Syria as a French colony and not as a nation temporarily under a mandate," the rebel leaders said.

FRENCH BOMBARD DAMASCUS; FIND 56 REBELS SLAIN

(Chicago Tribune Press Service.)

DAMASCUS, Syria, May 19.—(Delayed.)—A fifteen hours' bombardment, culminating in an hour of intense artillery fire and a rain of airplane bombs, today destroyed the Midan section of Damascus, which the rebels had entered and were fortifying.

French officers say they counted the bodies of fifty-six rebels, while the Midan section natives say that 300 perished. Three French soldiers were wounded.

The Midan section, when traversed by THE TRIBUNE correspondent, still was in flames. Homes were burning and there was no water to fight the fires. The correspondent counted twenty fires. It is estimated that about 500 houses are in ruins.

WAR DRUMS AGAIN RATTLE CLOSE TO SHANGHAI'S DOOR

(Chicago Tribune Press Service.)

SHANGHAI, May 19.—War clouds again are hovering over the lower Yangtze valley. This was indicated tonight by the rapid mobilization of troops on the border of Kiangsu and Shantung provinces.

Although the situation is not clear, Gen. Sun Chuan-fang, the Kiangsu tuchun, apparently has made an alliance with Gen. Wu Pei-fu for the purpose of driving out of Shantung, Gen. Chang Chung-chang, formerly a Manchurian bandit, who achieved notoriety early last year by recruiting white Russians, who aided him in driving the Chihli forces from Kiangsu province and capturing Shanghai. Since his appointment as Shantung

tuchun, Chang Chung-chang has caused general dissatisfaction, through his extortions and atrocities, including the execution of a supreme judge of Shantung province.

Recently he participated in driving the Kuomintang army from Peking. Since then he has handicapped the government's reorganization by trying to extort \$3,000,000 from Peking.

According to Japanese reports here tonight, the powers' delegates are planning to grant China a two and one-half per cent tariff increase on general products, with a five per cent surtax on luxuries. The extraterritorial commission is planning to report unfavorably on the relinquishment of extraterritorial rights until a stable government is organized in China.

FIELD EMPLOYE DIES SUDDENLY.
Heart disease is believed to have caused the death of George H. Griswold, 65 years old, 1308 Rosedale avenue, veteran salesman for Marshall Field & Co., who collapsed and died suddenly late yesterday while at work in the annex basement of the store.

Styles which young men like are one of our long suits—

Young business men as well as young prep school and college men have their own ideas about clothes—That isn't accusing them of being freakish, either—

Rather distinctive. Single breasted. Two or three button. Double breasted. Trousers comfortably wide.

All made by Rogers Peet. Whatever young men ask for we have—always excepting "jazz styles."

Extra Pants Free with Every Suit

Read My Editorial

HARRY MITCHELL
Editorial

This is the greatest opportunity that Chicago men have had in years. Just think—\$45, \$50 and \$60 suits made to order for only \$35. \$65, \$70 and \$75 suits made to order for only \$45. Extra pants free with every suit.

The reason for this sale is because I bought too much goods. My store is overstocked with fine goods. The weather was too cold nearly all this Spring and the goods didn't sell as fast as they should have sold.

I need the money to pay my bills with. I need the room for my new Fall and Winter goods that will be coming in soon. I need to keep my tailors busy and besides I figure that if I give men a low price on a fine suit when they need it they will appreciate it more than if I hold a sale in July or August like all the other tailors do. People like good made to order clothes, especially when they can get them at a low price.

Yours truly,
HARRY MITCHELL.

This is a genuine \$35 and \$45 suit sale. The kind that comes only once in a lifetime, so you better take advantage of it. Come to my store right away, pick out the goods you want, my designer will take your measure and my tailors will have the clothes ready for you any time you say — this week, next week or next month.

HARRY MITCHELL.

Every piece of goods is new. Every conceivable pattern, every new shade is here. I use the best grade of linings and I guarantee the finest workmanship. I guarantee everything—the material, the lining, the workmanship, the fit, the style and the finish to be first class in every respect.

HARRY MITCHELL.

Since 1914 Kelvinator has been the recognized leader in the manufacture of electric refrigeration systems for refrigerators already in use, or for those newly purchased.

Now, in addition to these, we announce a complete line of Cabinet Kelvinators—cabinets and Kelvinators combined into single units, delivered to your home complete, ready for the electric connection.

The cabinets are produced in a variety of sizes and finishes—nine models in all. They are of the famous "Leonard Cleanable" construction that won leadership in the refrigerator industry 44 years ago—and kept it. The Kelvinator installed in each cabinet is the same wonderful Kelvinator that has been recognized as the world's standard system of electric refrigeration since the very beginning of the industry.

Manufacturing and selling economies put these Cabinet Kelvinators on the market at prices that set a new standard of value.

Now, right at the start of the summer, we invite you to inspect these fine new Cabinet Kelvinators at our display room. If you place your order early you can be sure of prompt delivery.

Cabinet Kelvinator Models

Model 226

A beautiful flush panel hard-wood cabinet finished in gleaming white enamel pyroxylin. The insulation is of corkboard. The interior is glossy white enamel on galvanized iron (Leonard Cleanable construction).

The outside dimensions are: Height 60 inches, width 26½ inches, depth 24 inches. This model has 9½ square feet of shelf space, permitting you to make excellent use of the food storage compartment of 5½ cubic feet capacity. The trays permit you to freeze 42 cubes of ice (6 pounds) at a time.

Model 230

This Cabinet Kelvinator is exactly the same in size and construction as Model 226, except that the exterior is of rich golden oak.

Model 227

In this model Kelvinator, the interior is gleaming white porcelain, on Armo Iron, making it as easy to keep clean and shining as a china dish. The design and size are the same as Model 226, with the same white enamel pyroxylin finish and the same Leonard Cleanable construction.

Has the same white porcelain interior as Model 227, and is of the same size and construction, but the exterior is quarter-sawn golden oak.

Model 229

This is a de luxe Cabinet Kelvinator. The interior and exterior are of gleaming white porcelain, beautifully trimmed with polished metal corners and edging. The size, shelves, and ice-making capacity are the same as in Model 226. Corkboard insulation.

Model 231

This is the larger model shown in the illustration. Its outside dimensions are 67½ inches high, 40¼ inches wide and 24 inches deep. It has 12 square feet of shelf space and a food storage capacity of 9½ cubic feet. In the trays 84 cubes of ice (12 pounds) can be frozen at one time. Exterior finish is of highest quality white enamel pyroxylin; the interior of white porcelain. Corkboard insulation is used throughout.

Model 232

Dimensions, construction, arrangement and ice capacity are the same as above. The exterior finish is of quarter-sawn golden oak.

Model 233

A de luxe model of the above. Exterior is of white porcelain, handsomely trimmed with

polished metal. The dimensions and general construction are similar to Models 231 and 232.

Kelvinator Leonard Model 18

This model is produced for those who desire even greater food compartment capacity than that needed by the average family. It has a food storage space of 13.3 cubic feet. Consists of a handsome Leonard cabinet, finished inside and out in white porcelain with metal trimming. It is mounted on a detachable base for enclosing the Kelvinator unit. May be used with or without base. The entire cabinet with base is 82 inches high, 46½ inches wide and 26½ inches deep. The cabinet contains three food compartments, has shelf capacity of 20 square feet; and the Kelvinator unit has two small trays and one large tray, freezing 42 cubes (6 pounds) and a large 8-pound cake of ice at each freezing.

LIBERTY BELL RINGS AGAIN.

The result of the Republican senatorial primary in Pennsylvania interprets itself. The inevitable revolt against organized fanaticism has in that commonwealth become so powerful as to sweep all other considerations out of its path.

The senate loses one of its most distinguished and valuable members, one whose character, intellect and experience fit him for the highest service in that august body. The loss of Senator Pepper to the senate is a high price to pay even for so important and timely an expression of the popular will as this contest has given for the nation's pondering. But it is but the latest of the misfortunes which the experiment of prohibition has brought into our politics, the confusion of political thought, the perversion of political values, the obscuring of legitimate political considerations.

Senator Pepper was not only deserving of reelection through service and proved fitness of a very high order, but he was substantially approved from the proper viewpoint, we have not the least doubt, by the overwhelming majority of Republicans in Pennsylvania. Every important consideration of good government, within its proper sphere, argued in his behalf. Every consideration of the nation's welfare through the normal functioning of government as conceived by the founders of our system of ordered liberty, domestic harmony and national strength and progress, argued for his retention in the high deliberations of congress. Yet he has been swept aside because the adroit strategy of practical politics had placed him in the path of a movement of the popular will deeper and more powerful than all the normal and proper considerations of political action.

Make all allowance suggested by the most cynical judgment of the pliability of voting masses and the efficiency of political organization, yet the fact remains that it was because the political strategy of Senator Pepper's successful opponent was founded on an issue considered paramount by the Republican voters of Pennsylvania that he has fallen. The efforts of his managers to shift the base of the struggle to favorable ground, to a plane where, if it were not for the prohibitionist invasion of government, it ought to have been waged, were foredoomed. The situation prohibition has created raises an irrepressible conflict and the instinct of the people recognizes that it has created an issue fundamental to their liberty which they cannot afford to postpone or evade.

The expression on that issue is plain and emphatic. Vane's success would have been more marked than it is, we are confident, if the contest had turned simply and frankly upon the dry laws. Gov. Pinchot, because of his alliance with radical elements, thoroughly wet, withheld a large vote which would have gone on a flat issue to Vane. He had taken a strong stand in the coal strike which was loyally and gratefully repaid by thousands of miners who are determined opponents of prohibition. Pepper would have gained the rural dry votes cast for Pinchot but Vane would have gained all the labor votes cast for Pinchot, and as Pennsylvania has about 65 per cent urban population it is pretty safe to assume that Vane rather than Pepper would have been the winner from an elimination of Pinchot. When the Democratic voters, preponderantly wet, are taken into consideration, the decision of the people of Pennsylvania against the dry regime is plain.

We think any one who understands the nature of the American people can have no doubt that sooner or later an organized invasion of their historic liberties will suffer their repudiation. We think a deep and true reaction is now well under way and that the prohibitionists are as well aware of its premonitory grunts that they dare not consent to any test of its force, if they can help it. The referendum now assured in New York will be evaded by every possible device and its results belittled, discredited, and confused. If they can, in the public mind. But a referendum is only evidence of a condition and though it can be resisted, denied, or even, as in many cases it will be, prevented, the condition remains.

The referendums that we have been able to get over dry resistance, with innumerable and increasing evidences of the revolt against organized dry fanaticism, all point the same way. The American people will not barter their heritage of tolerance and of liberty for all the advantages claimed for law imposed totalitarianism, even if those advantages were not known to them now to be in large measure unachieved or fallacious. They will not pay the price in political deterioration, official and private corruption, social demoralization, and the

THE BOTTLE NECK.

The property owners along the Lake Shore drive from Oak street to North avenue have agreed to permit the construction of a second drive in the parkway just east of the present one. The new drive is to break the traffic bottle neck which has been a source of irritation and delay for a decade or more. The construction of the second road should provide an adequate artery for the present from the loop to the north end of Lincoln park, provided Michigan boulevard is also widened for the quarter mile stretch between Chicago avenue and Oak street.

The property owners demand, in return for their consent to the construction of the second drive, a pledge from the park commissioners never to permit the land to the east to be used for anything except park purposes. If this provision means that no buildings except for park purposes shall ever be erected in the park the commissioners can accept the condition. If it means that no other roads may ever be built on park land east of the Lake Shore drive the commissioners ought to refuse to consider the proposal. Property owners, eager to insure forever a maximum flow of traffic past their lots, may cause trouble for future generations of Chicagoans.

Chicago will not stop growing when the double drive is completed. The city is going to increase in population with the years, and as the population grows the need for roads in the city will also increase. For some time to come the double drive between Oak street and North avenue will be adequate, or nearly so, particularly when La Salle street has been improved, but no one can estimate the traffic requirements of fifty years hence. It would be unwise to create traffic bottle necks for the future in our eagerness to break a bottle neck of the present.

NOT IN THE PUBLIC SCHOOLS.

Superintendent of Schools William McAndrew has done the right, the democratic, and the academically wise thing in denying the request of the navy department for permission to solicit public school children for contributions to the national fund for the restoration of the frigate Constitution.

No one is more anxious than THE TRIBUNE to see the Constitution preserved as a memorial to one of the notable chapters in American naval history, and, from our acquaintance with Mr. McAndrew, we are sure he shares this feeling. Public schools, however, are not places for the solicitation of funds for any project no matter how truly patriotic it may be. Children are not sent to school in order to be grouped into a body handy for the solicitor. The law says children must attend school. You cannot in justice require attendance if school means a place where children are to be asked for money.

The public schools are for rich and poor alike. Subscriptions, no matter how voluntary they may be termed, are barometers of wealth, and no one feels so keenly as does a child such a comparison of means as is inevitable if collections are to be taken up in the classroom. Solicitation of funds for the Constitution, were it permitted, would be an opening wedge for solicitations for other causes. One relaxation of the rules and a precedent would be set up of which any cause seeking funds would be anxious to take advantage. As it is, and despite Mr. McAndrew's ruling, it has been called to our attention that in certain schools children have been asked for contributions. We do not know whether Mr. McAndrew is aware of this or not. At any rate, the practice should not be permitted to continue.

It is to be hoped that Chicago school children will give what they want to and can to the fund for the Constitution. A nickel from every public school child of some \$25,000. There is no question at all concerning the worth of the cause. The Constitution should be preserved, and it is a nice sentiment that school children should care enough about their country's past to wish to help save this monument to it. But no official solicitation in the schools.

BREAKING INTO OUR SOCIETY.

A visit to this country is getting to be as much a part of the program of royalty as the grand tour of Europe was for the British gentry of the 18th century and the well furnished American collegian of the 19th century. No wonder. There is hardly a place left on earth where a title shines so gloriously as in the worshipful eyes of our plutocracy, and a few weeks in Long Island must be, for the time, something like a restoration of the golden age for our noble tourists.

But we are getting rather to please. We suppose the Swedish royalty headed to this land of promise would make a considerable splash in Cleveland or Minneapolis and might even get into the Saddle and Cycle. But will they make Long Island? Can the royalist party there afford even as a concession to the legitimist principle to receive a mere Bernadotte? Will the old families of Long Island, whose lineage runs as far back in many instances as the bull market of 1919, receive a Scandinavian princeling? It may be all very well for Pittsburgh to learn the Swedish national anthem and practice the curtsy, but we hope Prince Gustav Adolf has a letter from the Prince of Wales if he is expecting to see the polo games.

Editorial of the Day

COUP D'ETAT IN POLAND.
(New York World.)

That discontented elements in Poland should rally around a national hero like Marshal Pilsudski is not unnatural. This discontent, however, has its roots deeper than in the nature of the existing government. Poland's troubles are primarily economic, and the supplanting of the constitutional regime with a dictatorship will not of itself bring a solution. If Marshal Pilsudski succeeds in establishing himself at the head of the state he will have to face precisely the same problems and the same obstacles encountered by his constitutional predecessors.

The burden of readjustment has proved more than a war-imposed people can carry. Unemployment remains a serious problem; industry is depressed; the reformed currency has badly depreciated, and the budget has shown a deficit despite heavy taxation. While these troubles are basically economic, they have been complicated by internal political dissensions and the fear of aggressions by foreign neighbors.

Whatever government is set up in Poland as a result of the recent outbreak will have to face difficult financial problems whose solution calls for further sacrifices by the people. These sacrifices will not be conducive to its popularity, and it is not improbable that a recognition of this fact has helped pave the way for the elevation to power of a wartime hero like Pilsudski.

How to Keep Well.

By Dr. W.A. Evans.

Questions pertinent to hygiene, sanitation, and prevention of disease, of matters of general interest, will be answered in this column. Where space will not permit, of the subject is not suitable, letters will be personally answered, subject to proper limitations, and where a stamped, addressed envelope is enclosed, Dr. Evans will mail a diagnosis or prescribe for individual diseases. Requests for such service cannot be answered.

(Copyright: 1926, By Dr. W. A. Evans.)

SCHOOL AND OFFICE VENTILATION.

A CORRESPONDENT sends a copy of "The Janitor and the School Child—Ventilation and Health," by Winslow, asking for an article on ventilation of offices, written along the same lines. Nearly everything that is said in this booklet on school ventilation applies to office ventilation. In both, the inhabitants are quiet and physically inactive. They must occupy all parts of the room. Some next to the cold, leaking window and some close to the heat, and some near the inside walls. The number of people to each 100 square feet of floor space is about the same. The number of people in the average commercial office is more than in the average school-keeping are the principal activities is not far from the average number in a schoolroom.

While Winslow advises that the janitors clean at night, and that there be no dry sweeping and no dusting, he does not put much importance on dust as a cause of disease. He says the germs in the dust of the schoolroom are nearly all harmless and the danger from them is slight. I do not think this is true of the office which gathers on books, on bookshelves, nor that which old paper records pick up. Working in that kind of dust frequently causes colds.

Recently I noticed an Illinois Central chair car porter brushing his passengers with a vacuum cleaner. I suggest that the office janitors go over books and records files with a low suction vacuum cleaner, say once a month.

Winslow says the temperature of the air in a schoolroom should never be allowed to go over 68 degrees Fahrenheit between October or November and January. He advises that some person have it as his task to keep an hourly record of the temperature. This is good advice for an office. The chief clerk could do it, or designate some one else. If he will study the record carefully he will find that there is a parallel between the temperature, the complaints of cold feet, the

volume of work done and the errors made. Unduly hot air in the office will increase the errors made and the complaints of cold feet will decrease the amount of work done.

The location of the thermometer is important. It should be so placed as to give a fair picture of conditions in the zones where the employees are working. A wide awake chief clerk will move his thermometer around the room, or he will have one fixed to the wall at intervals, so that he can read the temperature of the room. He will gain some information if he makes use of at least one wet bulb thermometer.

If the air is right this wet bulb thermometer should not register more than 12 degrees lower than the ordinary thermometer does.

A smart chief clerk will watch the thermometer in his room for evidence of stale air effects such as: sleepiness, yawning, heaviness, and a general lack of interest in work, clock watching. When this is noticed he can correct it by putting up a window, letting in some fresh air, and lowering the temperature.

VICTIM OF PARALYSIS.
R. H. S. writes: When 15 months old I had infantile paralysis. I was paralyzed for six months and by proper care and the best of treatment by a famous physician I regained my strength in the affected limb, the left one; but not as strong and robust as my right limb, which was not affected. The trouble rested, while at its height, from my hip down to my toes. I gradually became stronger and was said to be left a cripple.

What I want to know is what to do to make the left leg as strong as my right, as it is very noticeable.

REPLY.
Exercise and tone are the most effective agents. You have been unusually successful. Probably you have accomplished all you can. But since you have done so well, you might have the perseverance to keep on.

FRIEND OF THE PEOPLE

Letters to this department must be signed with names and addresses of writers.

WARD'S PRIVILEGES.

Chicago, May 15.—(To the Legal Friend of the People.)—I. Allowance or percentage for guardian's fees? 2. Can a ward make his guardian send him to school if he refuses? 3. Can a minor change his name? A. B.

1. The allowance is discretionary with the court. 2. It seems probable that the court would grant an order upon proper application supported by proper proof. 3. In general, yes.

TRIBUTE LAW DEPARTMENT.

POSTOFFICE BOXES.
Chicago, May 14.—(Friend of the People.)—A number of us would like to have our names put in a postoffice box. If there are no federal regulations on this, are there local regulations? H. B.

The following is quoted from the United States postal regulations: "The use of a box is restricted to one individual, family, firm, or corporation. The

renter of a box may have delivered through it mail for his family, guests, transient boarders, employees who are members of his household, and, for a period not to exceed 30 days, mail of a person addressed in his care. A box may be used for the delivery of his mail, and, by the consent of each member of the firm, the individual mail of each of his household, and of the firm's office employees."

ARTHUR C. LUEDER, Postmaster, Chicago

ASSIGNS HIS PAY.
Chicago, May 15.—(To the Legal Friend of the People.)—I signed a note and wage assignment included, for forty dollars at 7 per cent annually. It is now past due. My employer received a notice of the assignment I made and my pay is now being withheld. I am a married man. If I offer to pay part of the note can the holder of the note force payment on it? G. K.

Yes. No payment of less than the full amount will deprive a creditor of his right to insist on full payment.

TRIBUTE LAW DEPARTMENT.

FROM THE TRIBUNE'S COLUMNS

65 YEARS AGO TODAY

MAY 20, 1861.
WASHINGTON.—It is calculated that the war department that nearly 220,000 men—volunteers and regulars—are now accepted or have offered their services for the war. No more volunteers will be accepted until the immense number now in the field or waiting to be called are properly organized. Measures of the highest importance are being rapidly determined upon by the government. The new military department, consisting of eastern Virginia to the Blue Ridge and all of North Carolina, is to be called the department of the Potomac. Butler is to be entrusted with this command, with headquarters at Fort Monroe. He will lead not less than 20,000 men against Norfolk and Richmond. Gen. Mansfield of the regular army will command the force to be advanced from into Virginia. Brig. Gen. A. H. Reeder is expected to command the army to be moved upon Harper's Ferry from southern Pennsylvania.

MONTGOMERY, Ala.—Arkansas has been admitted as one of the confederate states. The confederate congress passed a bill authorizing the issue of \$1,000,000 in bonds payable in two years, with interest not exceeding 8 per cent, or in lieu of bonds, an issue of \$2,000,000 of treasury notes in small sums, without interest.

EDITORIAL.—The Montgomery Advertiser says that the confederate congress decided to move the capital from Montgomery to Richmond.

25 YEARS AGO TODAY

MAY 20, 1901.
CHICAGO.—The Chicago Federation of Labor denounced John Alexander Dowle as a base impostor, a menace to homes, and destroyer of families. The state's attorney and the coroner were required to "take cognizance of all cases offering the best chance of placing this rascal in stripes."

Dowle, in a vituperative address in Zion Central, Wabasha, 1223 Michigan avenue, defended his life and practices and rebuked "the thieves and the thugs of the press."

HAVANA.—Two reports on the Platt amendment will be presented to the Cuban constitutional convention today. The majority report will declare the confidence of the convention in the promise of fair treatment by the

United States. The minority report, by Guillermo Gomez and Señor Silva, takes an opposite view and is not nearly so friendly toward the United States.

PARIS.—The commission of international representatives has decided to award the Olympic games to Chicago, if having been represented by the American city will be able to furnish a suitable stadium in which the contests may be held.

EVANSVILLE, Ind.—Everett Conway killed a neighbor and the latter's wife, set fire to a barn, and in trying to prevent firemen extinguishing the flames, shot several persons, probably fatally wounding a policeman. Conway then committed suicide.

CHICAGO.—Grace Episcopal church is celebrating the fifteenth anniversary of its founding. The rector, the Rev. E. M. Stiles, denied he has resigned, but said he is considering a New York offer.

CHICAGO.—Controller of the Currency Charles G. Dawes formally entered the race for United States senator, to succeed Senator W. E. Mason. He will begin his campaign as soon as he returns from a western trip.

10 YEARS AGO TODAY

MAY 20, 1916.
WASHINGTON, D. C.—Japan is getting ready to take over a part, if not all, of the Chinese empire. The revolution and other disturbances are rending the oriental republic, official advisers from the far east state.

PORTLAND, Ore.—Justice Charles E. Hughes of the United States Supreme court is leading in the Oregon primary preference vote for Republican nomination for President.

CHICAGO.—Claf B. Olsen, 2515 North Dearborn avenue, has been cashier in the wholesale department of A. C. McClurg & Co. for eight years. He is a member of the Sunday Evening club, doesn't drink or use tobacco in any form, and is a woman, and is charged with embezzlement of between \$5,000 and \$7,000. He is believed to have speculated in "war bonds."

CHICAGO.—The state closed its case against Dollie Ledgerwood yesterday, charged with foisting a spurious baby in her fight to gain the fortune of her aged husband, the late Fred Maters. Jessie Bryan, who claims she is the mother of Fred's child, was born in the Misericordia hospital in Ottumwa, was a closing witness. She testified she saw her baby and will sue out a writ of habeas corpus for it in federal court today. Detective Charles Mellon confessed that Mrs. Maters had been discussing getting a child, and could pass off as her own.

LONDON.—Violent fighting was resumed in the Verdun region when the Germans attacked both east and west of the Meuse. Berlin reports that French trenches on both sides of the Haucourt-Eparges highway have been captured by the Germans. Losses are admitted by Paris.

A LINE O' TYPE OR TWO

How to the Line, let the quips fall where they may.

A BED TIME STORRIE

For Grown-Up Guys.

BY SNOWSHOE AL.

It wuz 90 degrees below zero. This arctic winds roared like a peeved traffic cop. Peter Polar-bear sat on a cake of ice an' wiped this perspiration off his brow. "Dum theez arctic summers," sez he, "this heat is almost un-bear-able!" Just then a flock of uroploids passed overhead on there way tuh the north pole, wuz wuz only a mile away. A few minutes later a blizzard followed, carrying the cook tourists. On-ayed Connolly wuz sittin' on top, unobserved by the crew. "Theez people make me sick," sez Pete tuh hisself, "every time I turn around I see a new hotel, an' I wouldn't be surprised—omigawd, there's a Thompson's restaurant! It wuzn't there last time!" At this moment he discovered the temperature of the room. "This heat is almost un-bear-able!" Just then a flock of uroploids passed overhead on there way tuh the north pole, wuz wuz only a mile away. A few minutes later a blizzard followed, carrying the cook tourists. On-ayed Connolly wuz sittin' on top, unobserved by the crew. "Theez people make me sick," sez Pete tuh hisself, "every time I turn around I see a new hotel, an' I wouldn't be surprised—omigawd, there's a Thompson's restaurant! It wuzn't there last time!" At this moment he discovered the temperature of the room. "This heat is almost un-bear-able!" Just then a flock of uroploids passed overhead on there way tuh the north pole, wuz wuz only a mile away. A few minutes later a blizzard followed, carrying the cook tourists. On-ayed Connolly wuz sittin' on top, unobserved by the crew. "Theez people make me sick," sez Pete tuh hisself, "every time I turn around I see a new hotel, an' I wouldn't be surprised—omigawd, there's a Thompson's restaurant! It wuzn't there last time!" At this moment he discovered the temperature of the room. "This heat is almost un-bear-able!" Just then a flock of uroploids passed overhead on there way tuh the north pole, wuz wuz only a mile away. A few minutes later a blizzard followed, carrying the cook tourists. On-ayed Connolly wuz sittin' on top, unobserved by the crew. "Theez people make me sick," sez Pete tuh hisself, "every time I turn around I see a new hotel, an' I wouldn't be surprised—omigawd, there's a Thompson's restaurant! It wuzn't there last time!" At this moment he discovered the temperature of the room. "This heat is almost un-bear-able!" Just then a flock of uroploids passed overhead on there way tuh the north pole, wuz wuz only a mile away. A few minutes later a blizzard followed, carrying the cook tourists. On-ayed Connolly wuz sittin' on top, unobserved by the crew. "Theez people make me sick," sez Pete tuh hisself, "every time I turn around I see a new hotel, an' I wouldn't be surprised—omigawd, there's a Thompson's restaurant! It wuzn't there last time!" At this moment he discovered the temperature of the room. "This heat is almost un-bear-able!" Just then a flock of uroploids passed overhead on there way tuh the north pole, wuz wuz only a mile away. INSISTS FRENCH RACE BLINDLY TO FINANCE ABYSS

Expert Says the Treasury
Hides Real Facts.

BY JOHN STEELE

(Chicago Tribune Press Service.)
LONDON, May 19.—Roulet Peret, French finance minister, returned to Paris this morning, having accompanied the French mission to the League of Nations conference at the Hotel La Salle.

Setting aside, then, all comparisons with the United States, Europe, and Germany, France, and England, can look forward, Sir Josiah predicted, to financial rehabilitation, although the time unit of the recovery of each country will be different.

Germany, the speaker declared, started off with a spurt, slowed down, and is going to come out all right. France won't see financial stability until she realizes the necessity of devaluing the franc and of taking the whole question of currency out of the hands of politicians.

England, he maintained, should soon be able to resume, so far as Europe is concerned, comparative leadership in economics.

At a special table directly in front of the speakers' table Lady Stamp was the guest of Mrs. Rufus C. Dawes and Mrs. W. R. Dawes. Others at the table were Mrs. E. J. Stevens, Mrs. Joseph R. Noel, Mrs. Harry Eugene Kelly, Mrs. Herbert A. Richards, Mrs. John W. Thomas, and Mrs. Melvin B. Ellison.

In the evening Sir Josiah discussed British plans for railroad consolidation at a banquet of the American Railway Guild in the Blackstone hotel.

U. S. EVER SURE OF TOP SEAT ON WORLD; STAMP

United States, in its per capita wealth, will always be "worlds ahead of any of the other countries of the world," Sir Josiah Stamp, British member of the Dawes plan reparations commission, who today concludes a three-day visit to Chicago, pointed out yesterday noon at a luncheon meeting of the Association of Commerce at the Hotel La Salle.

Setting aside, then, all comparisons with the United States, Europe, and Germany, France, and England, can look forward, Sir Josiah predicted, to financial rehabilitation, although the time unit of the recovery of each country will be different.

Germany, the speaker declared, started off with a spurt, slowed down, and is going to come out all right. France won't see financial stability until she realizes the necessity of devaluing the franc and of taking the whole question of currency out of the hands of politicians.

WRIGHT DIVORCE TRIAL OPENS IN MADISON TODAY

Madison, Wis., May 19.—(AP)—News-papers here will be admitted to the trial of the Frank Lloyd Wright divorce suit opening at Madison tomorrow unless something "unusual" arises, Judge A. G. Hoppmann told the Associated Press today. Judge Hoppmann, who is sitting at a trial here, will return to Madison tonight or tomorrow to preside at the Wright trial.

He indicated that the unusual feature which might cause him to change his decision would be argument by counsel protesting against admitting reporters, and reserved final decision until the opening of the trial.

Speculators will be barred under a Wisconsin statute which permits exclusion on the grounds a public hearing would be detrimental to morals.

Wright, internationally known architect of Chicago and Spring Green, Wis., is suing his wife, Mrs. Miriam Noel Wright, for divorce, alleging desertion. Her answer charges him with marital misconduct.

Gold Star Fathers Plan Permanent Grave Markers

By Memorial day of 1927, permanent and appropriate bronze markers for the graves of 2,000 men who lost their lives in the world war, and who lie buried in forty-eight cemeteries of Cook county, will have been provided by the Gold Star Fathers' association. It was announced last night at a meeting in the county building. Arrangements were completed for the distribution of the temporary markers to the various cemeteries.

High-Grade Dealers Handle Orange-Crush

THE fact that a merchant hands you Orange-Crush when you ask for it and does not offer you a cheapened imitation helps you to place him.

He pays more for Orange-Crush. He sells it for the same price.

He values your patronage—wishes to serve you—knows that the real Orange-Crush will bring you back for more.

Orange-Crush is pure and helpful. It contains more energy-replacement value, or Food Calories, than an equal quantity of fresh, ripe oranges.

Encourage the high-grade merchant. Help him prosper. Discourage the trickster who substitutes—at your expense. There is only one Orange-Crush—always in the Krinkly Bottle.

Buy Orange-Crush over the counter from your neighborhood dealer, or have him send you home a case—today.

Above—an imposing dark brown mahogany Hall Clock with plain light walnut panels. The movement is of dependable American manufacture. The dial is etched silver finish, with raised numerals of gold. The Westminster chime rings on long tubular bells. \$225.

Above, left—a Mantel Clock which has an 8-day pendulum movement and chimes the full Westminster chime. The dial is silver finished and the case is of dark brown wall mahogany. \$45.

Above, right—a Mantel Clock which strikes the hour and half hour. The dial is silver finished and has a dull gilt bezel. The case is of brown mahogany with light overlaid panel. \$15.

Above—an unusually impressive Hall Clock of dark brown mahogany with panels of redwood burl. The dial is of silver and gilt finish, and the movement is of dependable American manufacture. The Westminster chime rings on rods which have a fine, mellow tone. \$200.

A Clock Should Grace Its Place

One of the most intimate and decorative pieces of furnishing for the home is a dependable clock. It may be merely a timepiece but it may also be a distinctly artistic piece which creates an atmosphere of refinement and warmth, and as it ticks off the hours, days and years weaves about it a fine and lovely sentiment. A great variety of clocks may be found here, each carefully selected for its artistic merit as well as its mechanical qualities and durability. The four clocks illustrated and described are splendid values and should appeal to those considering a clock for the new home or for a gift.

Chiming Mantel Clocks up to \$120
Chiming Hall Clocks are priced to \$1050

DUCE PREACHES FUNERAL SERMON FOR LIBERALISM

Mussolini Acclaims Success of Fascism.

BY JOHN CLAYTON.
(Chicago Tribune Press Service.)
ROME, May 19.—A formal funeral sermon for democracy in Italy was preached today by Premier Mussolini in a message to Fascist Italy announcing the inauguration of the new Fascist syndicalist system.

The Duce referred to the syndicalist legislation as an experiment which the Fascists are confident will succeed where other governmental forms have failed.

"Fascists of all Italy," the message begins, "with the approval of regulations for the application of a law of syndicates, the corporative organization of the state is an accomplished fact. The Duce Liberal state, aggressive and impotent, is dead. In its place arises the Fascist state."

"United for Common Aim."
"For the first time in the history of the world, a constructive revolution like ours, peacefully realized in the field of production and labor, gathers together all economic and intellectual forces of the nation to direct them toward a common goal. For the first time is created a potent system of fifteen great associations, all placed on a basis of equality, all recognized and guaranteed in their legitimate united interests as part of the sovereign state."

"Only today the people, which labor in their varied activities, lift themselves as enlightened co-workers of their own destiny."

"The experiment is decisive. Our faith is firm. We are sure this system will pass the difficult test of experience."

CALLS ON BLACK SHIRTS.
"Given life by our spirit, protected by our discipline, the nation, closely united around a symbol of victory, will constitute an indestructible block of political, economic, and moral energy."

"Black Shirts, life is high in your standards. Celebrate with your will, your faith, this day. It is one of the most brilliant dates of our revolution."

BYRD, FIRST OVER NORTH POLE, WILL TRY SOUTH POLE

OSLO, Norway, May 19.—(AP)—A telegram to the Aftenposten from Spitzbergen says Lieutenant Commander Richard Byrd, U. S. N., first man to fly over the north pole, plans to undertake an expedition to the south pole as soon as possible. The lieutenant and the members of his expedition will leave King's Bay for London tomorrow.

WHITEMORE ON TRIAL AGAIN ON MURDER CHARGE

Penitentiary Slaying Told by Negro.

Baltimore, Md., May 19.—[Special.]—Richard Reese Whittemore, super-burglar, went on trial for murder here today. He was returned to Baltimore after a jury at Buffalo had disagreed in another murder trial.

A frightened Negro youth in the confederate gray uniform of the Maryland penitentiary took the witness stand tonight and described in detail the slaying of Robert H. Holtzman, elderly prison guard, on Feb. 20, 1925.

He spoke in tones scarcely audible, but Whittemore did not miss a word. As the Negro pointed him out as the man who had struck Holtzman down, Whittemore's face grew crimson and his eyes blazed.

Negro Sticks to Story.
The Negro, John T. Bowie, described how, following the murder, Whittemore had compelled him, at the point

of a pistol, to leave the prison with him. Bowie, on the stand for one hour and twelve minutes, was subjected to a rigid cross-examination by Edgar Allan Poe, attorney for Whittemore, but the defense was unable to shake his story.

Mr. Poe's final attempt to break down Bowie's story came in the form of a demand as to why, when he stood with Whittemore, safely outside the penitentiary walls, he had not run away instead of returning to finish out his ten year sentence.

"Why," Bowie answered, in a voice that shook, "Cause ah knowed the ole man was lyin' on the ground. Ah knowed he was hurt, an' he'd been good to me, that ole man. That's why I wouldn't run away when ah could have."

Bowie was the state's star witness and the only witness to the murder.

Court Jails Photographer.
Six witnesses were heard at the afternoon session and three at night. The selection of the jury was completed during the morning hours. Judge Eugene J. O'Dunne hopes to speed up the trial and conclude it within three days.

Just before the night session Judge O'Dunne committed William Sturm, a photographer employed by the Baltimore News, to jail for taking pictures

in the courtroom in defiance of court orders. Judge O'Dunne said: "I don't blame you. The man I blame is the man who ordered you to take the pictures." The photographer was ordered to a cell until his managing editor, who was cited, is brought into court.

HER GUARD FOR BURGLARS WINS MATE A DECREE

Refusing to give credence to the excuse offered by Mrs. Charlotte Frances Vriesman that she was keeping Austin Edwards, musician, in her apartment at night for protection from burglars, Superior Judge Walter P. Steffen yesterday indicated he would grant David Vriesman, 4244 Greenview avenue, a wealthy merchant, a divorce.

According to evidence offered by Attorney Harry Busch, representing Vriesman, Mrs. Vriesman was caught with Edwards at 1 o'clock in the morning of Feb. 19. She contested the divorce suit which followed, declaring that her fear of night marauders was responsible for the musician's presence.

Vriesman was granted custody of two children.

CHICAGO SERVICE LANDS MEDAL FOR INSULL COMPANY

Commonwealth Edison Gets Coffin Trophy.

Atlantic City, N. J., May 19.—Nine-four per cent of all homes in Chicago now use electricity. This achievement in a city of 3,000,000 population was one of the outstanding accomplishments of the Commonwealth Edison company last year, for which it was awarded the Charles A. Coffin Foundation gold medal, the most coveted honor granted electric light and power companies of the United States. The presentation was made tonight to Samuel Insull, president of the Commonwealth Edison company, by J. E. Dickson, president of the National Electric Light Association, in the presence of a throng of delegates representing practically every public utility company in the country, here attending the annual convention.

With the medal and certificate of award went a check for \$1,000 to be given by Mrs. Insull to his company's employee benefit association.

Growth of Service Shown.
The Commonwealth Edison company serves but one community direct, the city of Chicago. At the end of 1925 it had a total of 811,000 customers, an increase of 2.4 per cent over the preceding year. For the year the amount of energy sold reached two and three-fourths billion kilowatt-hours, a gain of 12.3 per cent.

Much of this gain is attributed to efforts to popularize and introduce domestic appliances and to campaigns for better lighting. Of the 726,000 homes in Chicago, 678,500 now use electricity, and the average consumption per resident customer for the year was 484 kilowatt-hours.

New Methods Installed.
To better guide its policies the company made a detailed survey of its customers' attitude toward the service, an official told the convention. This, he said, has raised the standard of employee performance. Facilities were provided for the development of employees along many lines. One was a system devised by the industrial relations department to "place the right man in the right job," and to make equitable wage adjustments and promotions.

Marked improvements in the company's generating and distribution systems were made during the year, it was stated. The Crawford avenue station, with an installed capacity of 110,000 kilowatts, and an ultimate capacity of 1,600,000 kilowatts, was placed in operation. Six miles of 112,000 volt cable line was ordered to provide interconnection with other systems.

REMUS WINNER IN SUIT OVER DIEBOLD STOCK

George Remus, disbarred lawyer and sometimes called a bootlegger king, won a legal victory yesterday before Superior Judge Hosen. Wells when a jury returned a verdict giving Mrs. Elizabeth Schults \$16,668 in her suit against the Siebold Storage company. Remus was the real holder of the three notes upon which the suit was based. It was charged that he had been paid for the notes with 50 shares of stock in the company. Remus denied this, declaring that the stock was given him in payment for legal services performed in 1919 in behalf of the company, when their trucks transporting beer had been seized at Zion and Woodstock.

The judge instructed the jury that if they found the stock was given in payment of Remus' legal fees, then they should find for the plaintiff.

Medal Scholar, Scolded at Home, Takes Own Life

Cleveland, O., May 19.—(AP)—John Roman, 33, was not present today to receive his honor medal for scholarship at an east side Polish parochial school. He is dead—a suicide—because his mother scolded him. He hanged himself after the reprimand.

COOK DEMOCRATS AND BAR WAR ON JUDICIAL PRIMARY

Illinois' primary election laws, already under fire in the courts, were attacked from another angle yesterday when the Cook county Democratic committee and the Chicago Bar association took steps to nullify the judicial primary law passed by the last legislature.

The judicial primary law was pushed through the assembly by the combined Deneen and Small forces after a terrific fight last year. It provides that nominations for the Circuit and Superior courts in Cook county shall be made by direct primaries instead of the time honored convention system.

The law applies to Cook county only, many downstate legislators refusing to throw judges of the downstate circuits into the turmoil of politics. It is this discriminatory feature that is to be the basis of the attack on the law.

The entire Circuit bench of twenty

Judges is to be elected in June, 1927. The term of Superior Judge Timothy D. Hurley expires at the same time. No Circuit or Superior Judges are to be elected in the meantime, but the Democrats and the bar association decided to get into the Supreme court immediately so the question will be settled before nominating time next spring.

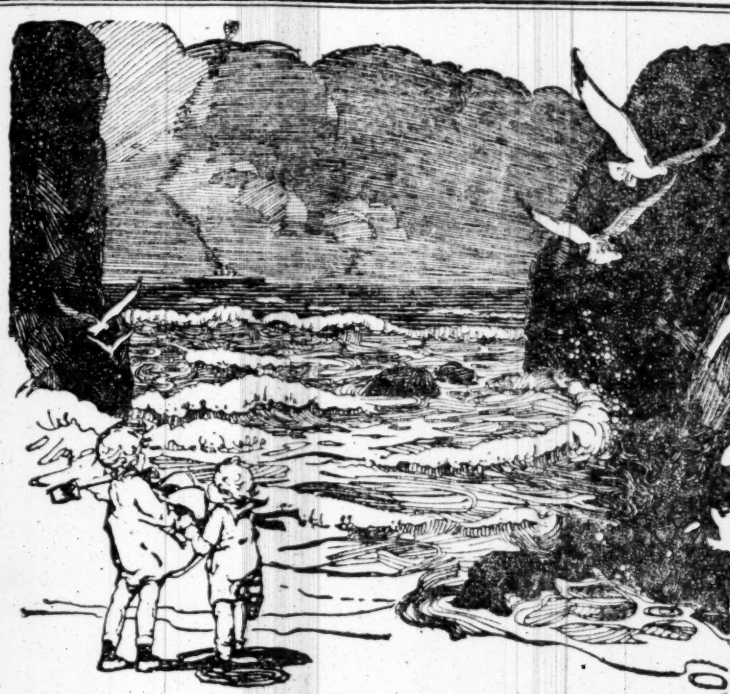

As a result A. J. Cermak, chairman and Joseph Gill, secretary of the county committee, signed a convention call to present to Secretary of State Emerson for a nominating convention one year from now. The old law says the call must be filed not less than seventy-five days before the June election, but does not specify how early it may be filed. It merely requires that the convention be held between thirty and sixty days before the election.

With the new primary law as his authority, Secretary Emerson will

be required to deny the call when it is presented. A bill to mandamus the secretary of state to call a convention and incidentally to attack the validity of the law will be filed in the Supreme court immediately for next month's term.

Wife's Suit Claims Wealthy Broker Has Deserted Her

William B. Egan, vice president of R. W. Wiley & Co., investment brokers at 76 West Monroe street, was accused of deserting Mrs. Christine T. Egan of Highland Park in a separate maintenance suit filed yesterday. Mrs. Egan asks substantial alimony, placing her husband's yearly income at \$50,000.

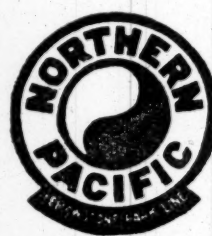

See the Pacific Coast This Summer!

When folks say "the coast" they mean that section reached by the Northern Pacific—that alluring region that has drawn mankind ever since the New World was discovered.

Spend your vacation on the North Pacific Coast. Life moves swiftly here—in amazing young cities, on beautiful ocean beaches, alluring golf courses in flower-laden valleys. And over it all is the pervading majesty of lofty snow-capped peaks—the mighty Cascade Range!

Discover the Charm of

- Seattle, Tacoma, Portland
- Rainier National Park
- Victoria and Vancouver, B. C.
- Crater Lake National Park
- The Glorious Beaches of Washington and Oregon
- The Columbia River Highway

(See Yellowstone Park On the Way)

"North Coast Limited"

"The Travel Triumph"

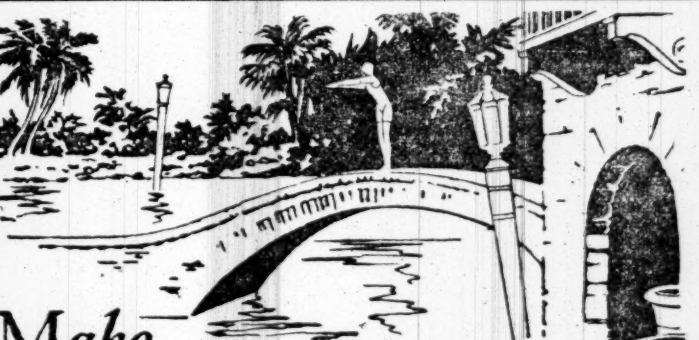

Your train to the North Pacific Coast is beautiful, fast, amazingly comfortable! It has New Style Pullman Sleepers. In the New Style Observation Club Car are ladies' lounge, maid and shower baths; men's smoking and card rooms, shower, valet and barber, inviting lounge, high, wide windows, library of current magazines and a room platform with an adjustable searchlight to play on the scenery at night!

P.S. If you want any information about the Pacific Northwest or its attractions, I am at your service.

The G-BOY

Scores a Genuine Triumph

The enthusiastic welcome given the G-BOY, Graham Brothers new one-ton truck, has established this fact:

It is recognized at once as a real—a major—contribution to commercial haulage.

So great was the need for a light truck to transport the average load swiftly, easily, safely—yet at lower cost than ever before—that Graham Brothers newest product has scored an immediate triumph.

The revolutionary improvement in balance effected by a new system of weight distribution profoundly impresses every man who has ever had experience with the haulage problem.

The compact wheel base, ease of handling, generous body capacity, the advantages of the ever-dependable and always economical Dodge Brothers engine—all these important factors enter into the G-BOY'S marked success.

And then the price! So low that only Graham Brothers, the largest exclusive truck makers, with huge buying and building capacity, could possibly achieve it.

For the average load there is nothing like the G-BOY. We are eager to show you this latest contribution to commercial haulage.

FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda, hereafter take a little "Phillips' Milk of Magnesia" in water at any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

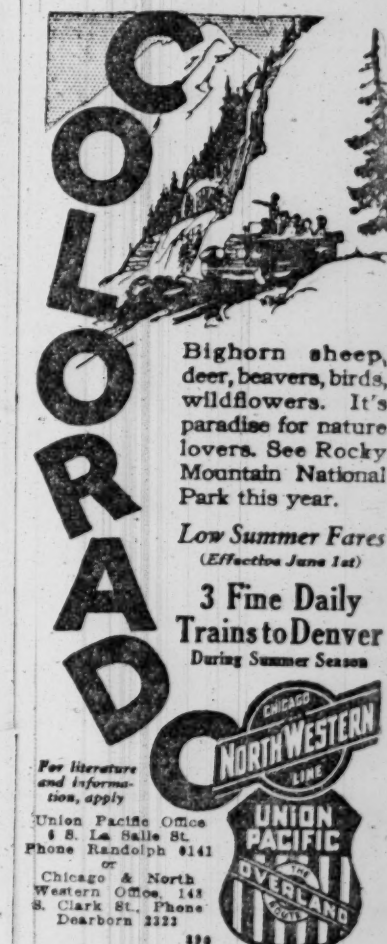

Better Than Soda

For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of

bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

Try a 25c Bottle

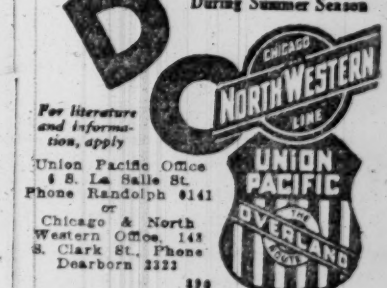

Insist upon "Phillips." Twenty-five cent and fifty cent bottles, any drug store.

Bighorn sheep, deer, beavers, birds, wildflowers. It's paradise for nature lovers. See Rocky Mountain National Park this year.

PLAN FINANCIAL DRIVE TO SWELL FIREMEN'S FUND

Income Is Inadequate for
Widows and Orphans.

Relief for the widows and orphans of Chicago's firemen who face the prospect of poverty, will be the object of a financial drive soon to be launched by the firemen's pension and other benefit funds.

Unless quick aid is furnished by public contribution Joseph F. Connery, fire commissioner, announced yesterday, the pensions which are already extremely low, within a short time may have to be reduced still further.

It is planned to open the campaign by the sending of 20,000 circular letters to leading business men and concerns. The cooperation of civic clubs and other organizations will then be enlisted in securing subscriptions from their members.

Press and Radio to Aid.

At the same time newspapers and radio stations will be asked to help place the need for the funds before the public. Owners of the Sox and Cubs baseball teams have agreed to contribute the receipts from benefit games on June 15 and July 14, respectively.

The campaign is to be managed by a committee composed of Mayor Dever, Fire Commissioner Connery, and Chief

NEW STAR TEN MILLION TIMES BRIGHTER THAN SUN, BUT CAN'T SEE IT

Cambridge, Mass., May 19.—(Special.)—A new star has been discovered, an unassuming star of the fourteenth magnitude, four thousand times fainter than the sun, which is a small spiral nebula which appears to us as big as a dime at a distance of twenty yards.

In reality it is a star ten million times brighter than the sun, flashing up in an island universe of almost ten thousand light years. This means that we are looking into the past of our distant cousin universe, for the catastrophe which gave birth to this new star happened ten million years ago, long before the glacial period on earth.

New stars are not a very common occurrence in the sky. The last one appeared in May, 1925.

This last one was discovered at Heidelberg, Germany, by Prof. Max Wolf and Reinhold. The good news was immediately wired to Copenhagen and thence to the Harvard observatory.

Fire Marshal Arthur R. Seyferlich, "Checks should be mailed to the Fireman Trust and Savings bank, 20 North La Salle street, or the Union Bank of Chicago, 25 North Dearborn street.

Present Revenue Insufficient.

Explaining the necessity for the drive, a message sent out by the committee yesterday reported that during 1925, expenditures of the Firemen's Pension fund exceeded the revenue by \$75,000. Even if favorable legislation is passed by the legislature in January, no additional revenue will be available for two years.

THE "CONQUEST"

A Keds model made in white with black trim or brown with gray trim, both models with vulcanized crepe rubber sole

A match for any boy— this new Keds model

Its vulcanized crepe rubber sole .. light, strong, gripping .. establishes new records for long wear

ON MILLIONS of restless young feet, Keds have proved their worth. We have records to show that one pair of these Keds will outwear two or three pairs of ordinary "sneakers."

Parents welcome Keds with a sigh of relief—"At last, something he can't go through so soon."

This new Keds—"Conquest" model—has a sole of high grade crepe rubber—

vulcanized by the special United States Rubber Company's process to insure maximum wear. Nearly all the great tennis players choose crepe-soled Keds for the gruelling wear of their championship games.

Keds come in many styles—for sports, for play, for everyday wear—in high shoes, oxfords, pumps—for all the family. Keds fit more snugly than any other canvas rubber-soled shoes. And their special Feltex innersoles help to keep the feet cool and comfortable even in hottest weather.

Your dealer either has genuine Keds or can get them for you. Keds come at prices from \$1.25 to \$4.50. They are made only by

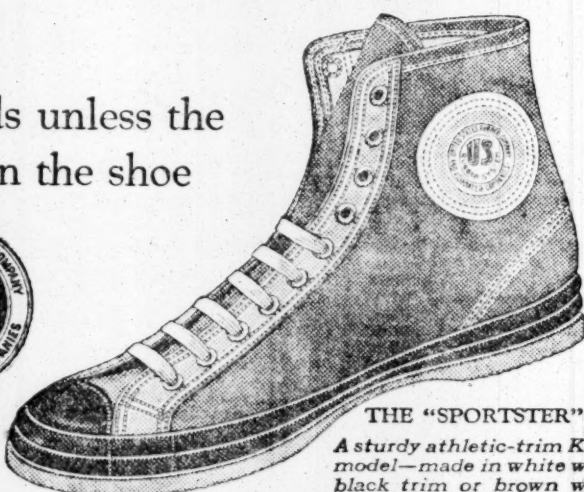

United States Rubber Company

THE "RAMPART"

RAILWAYS SAVE VICTIMS OF LOAN SHARK SCHEME

Refuse to Pay Lenders on
Salary Sales.

Here is good news to the thousands of victims of the salary purchasing companies: the railroads of the middle west have decided not to honor wage assignments to this class of loan sharks in the future.

Railroad employees who have been in the clutches of these sharks are hereby relieved of two fears, stoppage of pay and loss of jobs. As several lawyers viewed it yesterday, the decision of the railroads also gives aid and comfort to employees of other firms who have been paying, paying, and will owe the original debt.

Borrower Freed of Debt.

It is the advice of the state's attorney that the borrower is no longer obligated when he has paid in interest the amount of the loan. Assistant State's Attorney Robert McMillan and Joseph Quail, after studying the subject, held that the salary purchasing companies are operating illegally as money lenders, are charging usurious rates, and that all firms would be justified in following the example of the railroads. It was explained that under the Illinois law small loan brokers may charge 3 1/2 per cent a month. The companies formed to evade this provision of the law operated in this way: A man wished to borrow \$25. They wouldn't lend it to him but he would get it on the theory they were buying

from him an assignment of \$27.50 off were in favor of prosecution for the his pay, due in two weeks. If unpaid, note would be served on the employer, all his employees ignore the assigned note to withhold that amount from the employee's wages. If paid, and the borrower desired, he could have back \$25 of the \$27.50 on the same basis—\$27.50 payable in two weeks.

Loaned \$30; Repaid \$1,080.

Shot Joel D. Hunter of the United Charities, after receiving complaints, assigned Miss Irene V. McCormick, an attorney, to aid the distressed borrowers. One case was found where a man borrowed \$30, had paid back \$20 in interest, and still owed the \$20.

Miss McCormick consulted with Attorney Charles R. Napier, counsel for the Illinois Association of Licensed Lenders, a reputable organization, which was found to be sympathetic with the move to drive the disreputable element from the business.

Prosecutors McMillan and Quail

RICH DENIED NEW TRIAL ON COED ASSAULT CHARGE

Lawrence student, was denied today by Judge Collinswood in Circuit court, Rich now is serving his sentence in Jackson prison.

The defense contended that there were discrepancies in the testimony of the grand jury who was sent to prison for a term of years in the grand jury proceedings in which Rich was convicted of a criminal assault upon a woman, who was the wife of a prominent Chicagoan.

Miss Louise King, a patient in the hospital at Mason, Mich., last February.

Spaulding Silverware

Essential to the well-appointed home, yet truly the most economical of all the requisites of the table service

WHEN we think of the tremendous amount of service we get from our silver we realize that Silverware is truly the most economical Table Requisite.

Every day throughout the years—yes, throughout generations—the Silver of the Table is called upon for service; and, while we deem it a necessity, we grow to love it for its beauty and associations.

Outlasting and outliving by many times the life of the most expensive automobile, the essential Silver for a well appointed Table COSTS LESS THAN THE AVERAGE PRICE OF A SMALL CAR.

The Group illustrated shows a selection of Table Silver priced as follows:—Coffee Pot \$100; Sugar Bowl \$40; Cream Pitcher \$35; Tray \$70; Teaspoons \$12; Dessert Knives \$20; Dessert Forks \$20 the 1/2 dozen; the Steak Set is \$10.

WE ARE GLAD TO ADVISE AND MAKE SUGGESTIONS FOR WEDDING GIFTS WHICH WILL HARMONIZE WITH "THE BRIDE'S SILVER."

FIELD MUSEUM REPORTS BEST YEAR IN HISTORY

\$1,000,000 Gifts; Four Continents Explored.

With gifts totaling more than \$1,000,000, together with expeditions to four continents and the acquisition of thousands of specimens, the Field museum reported the greatest year in its history, according to the institution's annual report for 1925 made public yesterday by H. C. Davies, director.

Coupled with the wide program of expeditionary work the institution added materially to its entertainment activities and showed a great gain in attendance.

\$500,000 Gift Is Largest.
The largest single gift to the institution was that of Mrs. Anna Louise Raymond, consisting of an endowment of \$500,000, thus creating a memorial for her husband, the late James Nelson Raymond. A fund of \$100,000 was transferred to the museum by Miss Kate Buchanan.

Other gifts were received as follows: Ernest R. Graham, \$125,000; Stanley Field, president of the museum, \$50,000; Richard T. Crane Jr., \$30,000; Chauncey Keep donated 100 reels of motion picture films, "The Chronicles of America." Rare collections were given to the institution by Edward B. Ayer and John J. Mitchell.

The report classes the James Simpson-Roosevelt expedition to central Asia as the most important trip of the year. The expedition was financed by James Simpson, president of Marshall Field & Co. Other expeditions were active in Mesopotamia, Peru, Chile, Madagascar, British Guiana, Argentina, central Africa, British Columbia, Saskatchewan and Alberta, Iowa, Kansas, Michigan, and southern Georgia.

To Select Two Radio Operators.
Two amateur radio operators—one

from the United States and one from Canada—will be chosen to accompany the MacMillan-Jawson subarctic expedition for the Field museum this summer. It was announced yesterday, Commander Donald B. MacMillan, who selected an amateur operator for the expedition last year, and H. C. Forbes of the Zenith Radio Laboratories, Chicago, will select the two operators.

Gobs Get Their Chewing Gum After Fifteen Years.
Washington, D. C., May 19.—[Special.]—"Gobs" will no longer be deprived of their chewing gum ration while away from port. It was announced at the navy department today. Under a new ruling chewing gum, which has been barred from sale on the navy's ships since 1911, has been again restored to good standing.

WOMAN SEEKS TO CLEAR SELF OF KILLING BABY

Sacramento, Cal., May 19.—[Special.]—Mrs. Nellie Williams Harold of Omaha asked Gov. Richardson in a letter that she be extradited to California so she can clear her name of the charge of murdering her baby in Pasadena in 1909. Mrs. Harold wrote she has been accused of having smothered her baby.

Would Acquit Herself.
Omaha, Neb., May 19.—[Special.]—Mrs. Harold said she would like to acquit herself "once and for all" of unofficial charges that she murdered her illegitimate child at Pasadena, Cal., in 1909, prompted Mrs. Nellie Williams Harold to seek ex-

tradition to California, she said today. Mrs. Harold said the child was born to her after an affair with a rancher's son and that it died a natural death the day following its birth.

Socialists to Hold Convention Sunday.
Illinois Socialists will hold a convention to nominate a state ticket Sunday at the Labor Lyceum, Kedzie and Ordway avenues. It was announced yesterday. They will also adopt a platform and select a state committee.

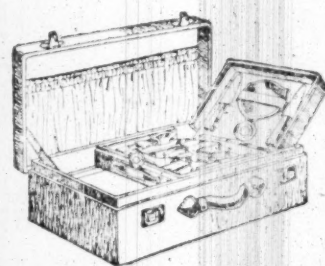

COUNTESS' CASE AGAINST LEITER TO CLOSE TODAY

Lady Marguerite Hyde's case against her brother, Joseph Leiter, whom she seeks to remove from the trusteeship of the \$30,000,000 estate of her father, Levi Z. Leiter, will be completed today. More than 4,000 pages of evidence, approximately one million words of testimony, have been offered by the countess to prove her charges of mismanagement. Leiter's defense is expected to occupy three months.

THE STOCKYARDS

... and the home of the telephone

MANY sided Chicago speaks to the world through many landmarks. Through the Western Electric telephone works she speaks in many ways of bigness. But bigness in more than size of buildings. Bigness in an art—that of making so fine an instrument as a telephone. Bigness in an industry—that of serving every city and town in the country. Bigness in a vision—that of building for the future on an experience already more than half a century old.

Western Electric

SINCE 1882 MANUFACTURERS FOR THE BELL SYSTEM

For the Third Time

Commander Donald B. MacMillan has ordered from Swift & Company the meat products for his latest Arctic Expedition.

Commander MacMillan's scientific studies in the Polar Regions have brought him world-wide recognition.

The noted explorer realizes the necessity of having the best foods and supplies in order that members of his party may enjoy the good health necessary to carry on their labors.

In 1923 Swift & Company was proud to be called upon to furnish the supplies for the expedition.

In 1925 a repeat order for the Geographic Society trip was a satisfaction.

In ordering for the trip scheduled to start from Wiscasset, Maine, on June 1st, Commander MacMillan said: "We want supplies such as you have furnished before, the best as always and packed with the usual Swift care."

When the Bowdoin and the Schem sail, Swift's Premium Hams and Bacon, Brookfield Butter and "Silverleaf" Brand Pure Lard, and other products will help to furnish many appetizing Arctic meals.

Swift & Company, U. S. A.

"We Had Wonderful Results"

You must have prospects in order to make a sale. Tribune Want Ads will bring you the prospects but you must make the sale. Miss T. McKnight, 4239 Broadway, placed an ad in The Tribune for 7 days. The ad read as follows:

4241 BROADWAY—REID, BREAKFAST SET, chow, dishes, drapes, kitchen utensils, etc.

She said: "We had wonderful results. The first day our ad appeared we sold a great part of our goods. There were over 50 callers during the week, and by the time our ad expired we had almost all our goods sold. There is nothing like consecutive advertising through Tribune Want Ads."

MEN

—Accept This Remarkable Gift Offer

**This Silver-Plated GENUINE
Gillette Safety Razor**
(complete with blade)

FREE

*With full-size 35c tube of
Palmolive Shaving Cream*

*Buy a 35c Tube of Palmolive Shaving Cream at any drug store—the Razor
will be given you. Offer expires in few days—strict limit of one to a customer*

Razor and blade fully guaranteed as to material and workmanship by the Gillette Safety Razor Company.

Full-size tube of Palmolive Shaving Cream, price 35c, plus a silver-plated genuine Gillette Safety Razor—

35c

for Both

WE RACKED our brains for a way to win every man that shaves to a trial of Palmolive Shaving Cream, regardless of expense to us. That's, because 8 in every 10 men who once try this unique creation become regular users.

So come today. Get a SILVER-PLATED genuine Gillette Safety Razor, complete with blade, FREE with a full-size 35c tube of Palmolive Shaving Cream.

You've probably often wished for a genuine Gillette. Now accept one as a gift. No matter how many razors you have, you ought to have a Gillette.

All you need do is step into any drug store, put down 35c—the regular retail price of Palmolive Shaving Cream—and take away a tube of Palmolive Shaving Cream and the razor. No red tape. Nothing to sign.

But—don't delay. We've limited every dealer's stock. Don't blame him if you come too late. When his present supply is exhausted, we can't give him more. Every dealer is instructed to sell **ONLY ONE** to a customer.

A shaving cream that's changing the shaving habits of the world

Palmolive Shaving Cream is a scientific creation. We worked 18 months to perfect it; made up and discarded 130 formulas before we hit the right one.

We started by asking 1000 men what they most desired in a shaving soap. Then met their exact-ments one by one. It is different in formula, action and effect from any other shaving preparation known.

5 unique advantages over old-type soaps, creams, powders

In 5 distinct ways, this unique preparation excels over all others. You'll note them all first time you use it. It has won millions of men from old-time preparations. Its success is a national sensation. Men are literally flocking to its use.

- 1—It multiplies itself in lather 250 times.
- 2—It softens the beard in one minute.
- 3—The lather maintains its creamy fullness for ten minutes on the face.

4—The extra strong bubbles support the hairs for cutting, where weak bubbles let them fall down.

5—The blend of palm and olive oils brings fine after-effects. It makes the cream also a lotion.

Accept TODAY

Now to win you over to a trial, we make an offer which we believe is the most remarkable any manufacturer ever made to gain a fair trial for his product.

In your interest and in ours, please accept it today. Go now to any drug store. You'll thank us for the gift today—and for many days—for the new shaving comforts our cream offers you.

TO WOMEN

These supremely fine razors, together with a large tube of Palmolive Shaving Cream, make excellent gifts for husbands and brothers—a complete shaving comfort.

Take advantage of this now. ONE to a customer only. Please do not ask for more. No dealer is allowed to give you over one on this special offer. Lasts only a few days, so come now.

REDS FORTIFY TOP PLACE; LICK BROOKLYN, 5 TO 1

Pete Donohue Holds Rob-
ins to Two Hits.

CHICAGO, May 19.—(AP)—The Chicago Red Sox today were the first to win a game in the National League since the opening of the season. They defeated the Brooklyn Dodgers, 5 to 1, in a game that was a real battle.

The Red Sox, who were in the cellar of the league, were led by Pete Donohue, who pitched a brilliant game, allowing only two hits to the Dodgers. Donohue's performance was a real surprise to many fans.

PIRATES, 6; GIANTS, 3

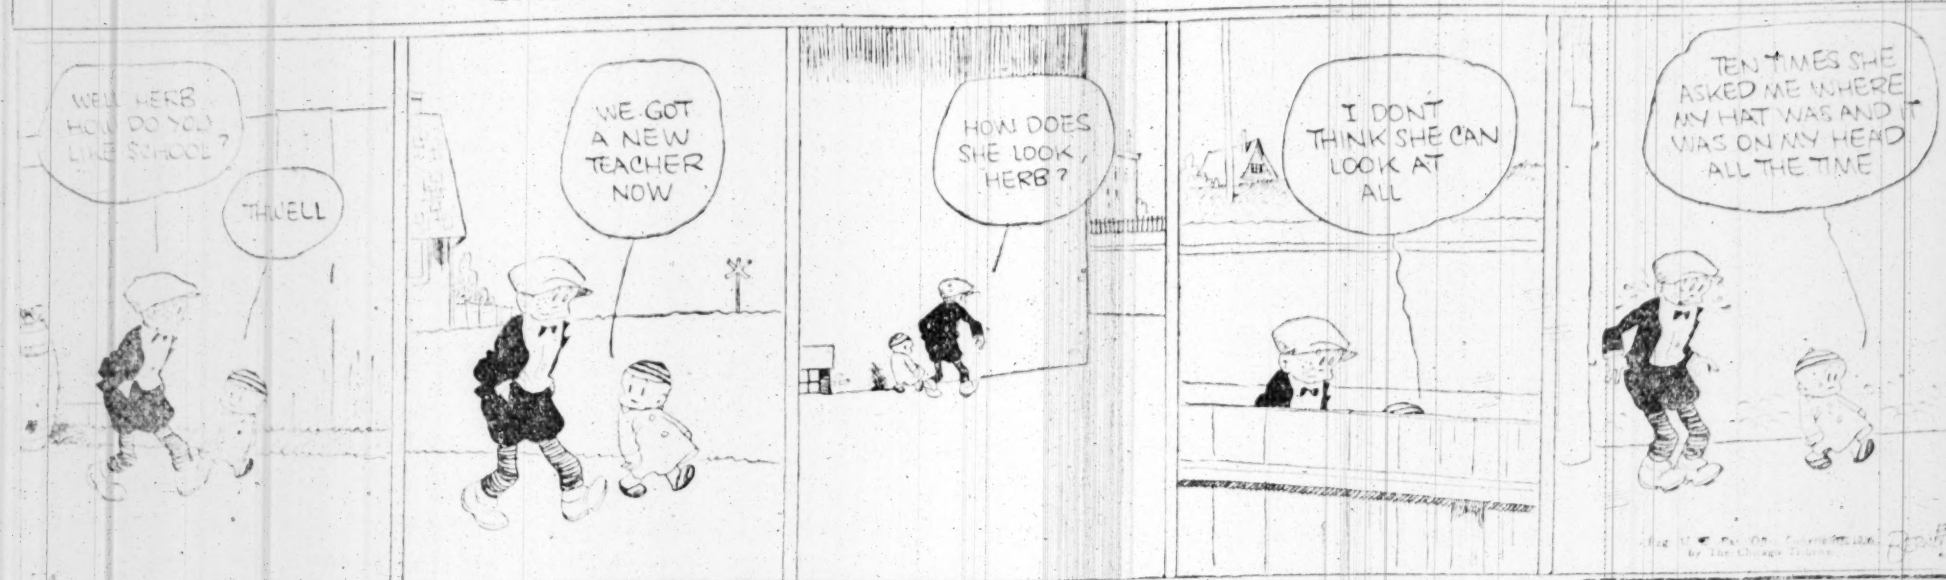

PITTSBURGH, Pa., May 19.—(AP)—The Pittsburgh Pirates today defeated the New York Giants, 6 to 3, in a game that was a real battle.

The Pirates, who were in the cellar of the league, were led by their pitcher, who pitched a brilliant game, allowing only three hits to the Giants. The game was a real battle, with both teams fighting hard.

PHILLIES, 6; CARDS, 2

ST. LOUIS, Mo., May 19.—(AP)—The St. Louis Cardinals today defeated the Philadelphia Phillies, 6 to 2, in a game that was a real battle.

SMITTY—SHE WASN'T A GOOD LOOKING GIRL

Panic, at Odds of 50 to 1, Wins at Churchill Downs

CHURCHILL DOWNS, Ky., May 19.—(Special)—Longshot players finally had their chance at Churchill Downs here this afternoon when the four year old Panic, owned by Fred Maurer and ridden by Jockey H. Burke, suddenly returned to form and won the sixth race. He paid more than 50 to 1 in the pari-mutuel.

It was a six furlong event, and Panic beat such good ones as Barcola and President running in E. R. Bradley's silks and the aged handicap horse Star.

Panic, who was second and Mayfair third, was the day's feature race handily with Arcady second and Mayfair third.

CHURCHILL DOWNS RESULTS
FIRST RACE—Panic, 50 to 1, won; Barcola, 10 to 1, second; President, 10 to 1, third.

SECOND RACE—Panic, 50 to 1, won; Barcola, 10 to 1, second; President, 10 to 1, third.

THIRD RACE—Panic, 50 to 1, won; Barcola, 10 to 1, second; President, 10 to 1, third.

FOURTH RACE—Panic, 50 to 1, won; Barcola, 10 to 1, second; President, 10 to 1, third.

FIFTH RACE—Panic, 50 to 1, won; Barcola, 10 to 1, second; President, 10 to 1, third.

SIXTH RACE—Panic, 50 to 1, won; Barcola, 10 to 1, second; President, 10 to 1, third.

This truly unique blend cannot be copied—or even imitated

The taste you find here
you can't find elsewhere

THAT spicy, rich mildness
and that satisfying fullness
which distinguish Chesterfield
are secured by the most exacting bal-
ancing of one tobacco against an-
other, to tone down heaviness or
over-richness, and to bring out in
fullest measure those subtle "over-
tones" which set it apart so defi-
nitely from all other cigarettes.

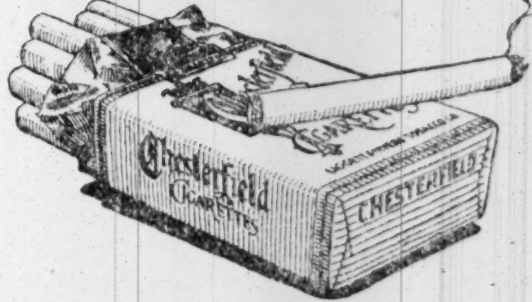

The natural methods by which
this "balance" is achieved are
unique. And when we say that
the Chesterfield blend cannot be
copied, we mean it literally—not
because it is patented or legally

protected, nor even because it is
a secret closely held, but because
without detailed knowledge of
every step, the rare delicacy of
the tobaccos themselves is inevit-
ably lost.

No—there is only one cigarette
that combines so fully the aroma
of Turkish and the "body" of
Domestic tobaccos; there is only
one blend of which men say,
"They're mild—and yet they sat-
isfy!" For men who want natural
tobacco taste at its smooth and mel-
low best, there is only one cigarette
—and that cigarette is Chesterfield.

TRIBUNE BIKE DERBY FIELD DRAWS PRAISE

Club Representatives Set Handicaps.

BY WALTER ECKERSALL.

The most representative field of riders ever entered for a bike race in Chicago, the opinion of Julius T. Fitzgerald, western representative of the Amateur League of America, at the meeting of the handicapping committee Tuesday night, which was held at the Tribune building, was that the 22 mile handicap derby to be held in Humboldt park Sunday morning was the best of the kind.

The field includes the best amateur riders in the state, who have been placed on scratch and beginners, who have been given the handicap allowance up to five minutes and thirty seconds.

"Tramp Riders" Unattached. The handicaps were allotted with a representative of each club present and when a rider's name came up for consideration, he was handicapped according to his riding ability. Each representative was given a chance to voice his sentiments, with the result the handicaps should meet with the approval of every one.

The committee discussed at length the so-called tramp riders, who have been jumping from one club to another. A. B. L. of A. rules state a rider must complete unattached for one year after obtaining his release from one club before he can ride for another organization. As a result of this ruling, many contestants who had been entered under the colors of clubs must compete unattached.

Keen club rivalry has developed and there is sure to be spirited racing for the team trophy, which will go to the club whose riders score the greatest number of points in the seven races.

The South Chicago Westerns, Opus A. A., Franklin Skating and A. C. Reliance American C. C., Star Cyclists, and Edgewater C. C. and the new 16 organized Midwest A. C. will be represented by strong teams.

Kasky Midwest's Derby Hope. In the 22 mile handicap Harry Kasky, widely known ice skater, will be one of the Midwest club's mainstays.

Each evening hundreds of riders meet around the 1.5 mile course in Humboldt park. After the training runs, the riders rest on the grass and discuss their chances and those of their teams.

Riders are urged to see that they are registered with the A. B. L. of A. Numbers will be given only those who have registered.

Hoppe Leads Greenleaf in Billiard Match

New York, May 19. (Special.)—Willie Hoppe won both of the blocks today in his three cushion match with Ralph Greenleaf and now leads, 300 to 252, at the halfway mark in their 600 point match. Hoppe won, 50 to 41, in 32 innings, in the afternoon, and 50 to 27, in 45 innings, tonight. His high runs were 7 and 6. Greenleaf ran 10 in the afternoon and 4 in the evening block for high.

Notes of Boxers

The regular meeting of the Illinois boxing commission scheduled for today has been postponed until next week, according to an announcement made yesterday by Chairman O. W. Hunkle. The chairman asserted other matters of greater importance to the commission have come up, causing a postponement of the session.

Chairman Hunkle asserted the commission is a quasi-judicial body and other states in which boxing is legalized and that some of the points will be decided after the Illinois trial. The chairman stated further the commission expects to have its final session to permit boxes to be held the latter part of next month.

Shuffle DeLahan, the Chicago Heights welterweight, who fought Nate Goldman of Philadelphia 25 last Chicago May, will again, boxing today. Shuffle has been doing excellent work and has obtained from boxer before of an injured eye. The eye is now pronounced well enough to permit shuffle to fight on the water.

Blue Peters, the local flyweight, will meet a W. W. of the south side in one of the preliminaries to the Callahan-Goldman bout. The other preliminaries will be fought between Marshall, Latta and Ted Johnson, 145 pounders.

Tom Meyer, the young lightweight, trained in Chicago yesterday to prepare for his coming fight. Meyer is regarded as one of the best lightweight in the west.

Notes of the Sox and Cubs

BOSTON, Mass., May 19. (Special.)—Honey Boy Hannefield, Kamm's understudy, is a lucky boy. In Philadelphia some friends handed him a traveling bag and today a delegation from Framingham, Mass., high school, where Hannefield once played, presented him with a gold watch.

What was once the left field bleacher at Fenway park is a mass of charred wood. It burned last week. Workmen are clearing away the mess, but President Bob Quinn hasn't decided about rebuilding because business is so poor.

Mostil pulled his daily bit of fielding extravaganza in the fourth inning. Gorton hoisted a fly to short center and Johnny came running in to make a shoestring catch with his gloved hand.

There were about 2,500 cash patrons present, and some of them actually applauded a couple of times. The town has been on a loser for so long that the national pastime has ceased to interest.

Bratche, who is playing left field this week for the Red Sox, was a member of the White Sox troupe some years ago. He can hit, but isn't so good at fly chasing.

For the second of the series tomorrow, Pilot Collins may put Urban Faber on the knob. Ruffing and Wingfield are the Boston possibilities.

Harmons Defeat Blues, 4 to 2, in Twilight Game

The P. T. Harmons handed the Chicago Blues a 4 to 2 defeat yesterday in the opening twilight game of the Chicago league at Blues park. Art Eltons pitched a steady game.

DRISCOLL DAY SUNDAY. Ceremonies in honor of Paddy Driscoll, postponed from last week, will be held next Sunday at Cermak Mile stadium. Alcindro and Lane. Mayor Dever will take part in festivities.

Anglers Try for Trout in Wolf River

BY BOB HECKER.

Wolf River, Langlade County, Wis., May 19. (Special.)—We tackled the Wolf river, one of the finest trout streams in Wisconsin, this afternoon when we warily eased out into the swift current, lashed our shins on a big rock and then straightened out our line to make the first cast about five miles below Markon.

A warm sun beat down upon the scene of battle and a stiff west wind seemed to add five miles an hour to the speed of the already too speedy river. But Alti seems that two of us were going to use life. I trotted out the old reliable nylon tackle for the education of the trout and then down the roaring Wolf we went, whipping each likely spot.

Jim Welden fought his way across the river to half a few poles along the west bank. As far as Billy and I could figure he was trying to safeguard his fish, as every time he got a bite we could see a dense fall of clear smoke spread over the water with the result that the first bitten trout lying on top of the water in order to draw out their gills, dove into their rocky retreats in a hurry.

Having caught rainbows on the California grab grey fly, we were anxious to try this western pattern on brook trout, so we tied on a number eight first to start the afternoon show while Jim used a professor. But a little later, when we were fighting to keep from doing a comedy water act and getting a good soaking, we felt that more important than flies on the Wolf is a diving helmet and lead weights for one's shoes, so it is some trick to stand up and keep dry in that rain, blustery stream.

New Marquette Park Public Links to Be Opened Saturday

BY MORROW KRUM.

The vision of John Bain, commissioner of the south park board, will become a reality Saturday when the new Marquette park public golf course is officially opened at 1 o'clock in the afternoon.

For two years southwest side golfers have seen steam shovels, crews of workmen, and many topographical changes at the old Marquette park municipal course. They have heard it said that John Bain and other commissioners were building America's best public golf course and they waited.

It's a Real Course. Any who doubt the wait has been too long are invited to attend the ceremonies of the opening. The course is first class, a public park course with small hills, ravines, sand traps, greens.

The replay of the first round of the Cermak Cup international soccer series between the American and British teams at 27th street and Kestner avenue last night brought together two makeshift elevens. All the men selected to play were not notified of the game, and neither team was able to present its full strength.

The American squad, which played with ten men, won, 2 to 0. Both goals were scored by Babe Melly.

AMERICANS WIN SOCCER GAME, 2-0

The replay of the first round of the Cermak Cup international soccer series between the American and British teams at 27th street and Kestner avenue last night brought together two makeshift elevens. All the men selected to play were not notified of the game, and neither team was able to present its full strength.

The American squad, which played with ten men, won, 2 to 0. Both goals were scored by Babe Melly.

THE BEACH

Our 1926 Version of a Favorite Model With Two-Tone Blue Band and Flexible Brim

THE BEACH is a boater of distinguished quality made expressly for us according to our own requirements. The brim is somewhat wider than last year's popular model and the crown a trifle lower. The two-tone blue band is an exclusive style touch that will commend itself because of its smartness and good taste.

In addition to the Beach, there are many other smart boater models, imported and domestic, to fit every type of facial contour.

MICHIGAN AND ILLINOIS SEEK TRACK HONORS

When the western conference track and field championships are held at Iowa City May 28 and 29, under the auspices of the University of Iowa, individual supremacy will be sought once and for all.

Not only are the individuals eager to show superior ability but the state and county authorities protesting any and all plans for the restriction of highway right of way, yesterday during a hectic hearing on highway construction for North avenue and Lake street roads.

GEORGE GUTHRIE

Since their defeat by Iowa in the indoor championships, the Michigan and Illinois teams have been strengthened by athletes who will perform in the field events, some of which were not held indoors. In the discus throw Illinois will have Lyons, who is showing improvement. Shively will toss the hammer for the Orange and Blue. Northrup in this event and take the expected points away from Michigan.

Capt. Guthrie of Ohio State and Capt. Worner of Illinois, will renew their high hurdle feud, but the track and field leaders will meet stiff competition from Cule of Iowa in the 220 yard low barriers.

NEW MANAGER EVERY WEEK FOR THIS BALL CLUB

Springfield, Mo., May 19.—[Special.]—The McAlester, Okla., club of the Western association is setting a record for managers in one season. Although the pennant race is only one month old, the fourth manager took charge today. Frankie Thompson, former Western league star and later a pilot in the Western association, today succeeded Manager Anshel. McAlester dropped his third consecutive game at Springfield today.

COMMIES GET NEW PITCHER.

Deerfield, Ill., May 19.—[Special.]—Manager Harold Irtan today announced he had obtained pitcher Alfred Reynolds from the Indianapolis club of the American Association.

Road Officials Fight Move to Divert State Highways

BY J. L. JENKINS.

Members of the Illinois Commerce commission discovered public sentiment emphatically demanding wider highway pavements near Chicago, and state and county authorities protesting any and all plans for the restriction of highway right of way, yesterday during a hectic hearing on highway construction for North avenue and Lake street roads.

American Giants Make It 4 in Row Over Dayton, 4-0

The American Giants made it four straight over the Dayton Marcos, winning 4 to 0, while Willie Foster held the visitors to two hits, a strike in the sixth and a double in the seventh.

Score: Dayton..... 000 000 000—0
Giants..... 400 000 200—4

SPEEDWAY KINGS PRACTICING FOR 500 MILE RACE

Indianapolis, Ind., May 19.—[Special.]—Preparations for the fourteenth International 500 mile race for \$300,000 to be held at the Indianapolis motor speedway Monday, May 21, entered the last lap today with the majority of the participants for the great gasoline derby already on the ground and whirling off practice laps.

Two of the French built Schmidts, Specials are at the track, with L. I. Corum, co-winner with the late Joe Boyer of the 1925 500 mile race, chief driver and Steve Nissen, Corum's former mechanical in the driver's seat of the other, are ready to take to the track for practice.

STRENGTH Where It Is Needed Most

- 1. **Virgin pre-shrunk wool**—Wears like iron. Well shrunk before knitting. Cleans without losing its shape.
- 2. **Will not fade**—Only the best dyes obtainable are used. Jersilds will not lose their original color.
- 3. **Elastic reinforced shoulders in shakers**—Provide the "give" that permits vigorous action and the "comeback" that keeps the sweater snug-fitting.
- 4. **Full-fashioned collars**—Tailored to fit perfectly.
- 5. **Reinforced buttonholes**—Double stitched to stand the strain of many unbuttonings.
- 6. **All hand finished**—No bulky machine seams. All pieces by hand with minimum overlapping. A smooth, perfect fitting garment.
- 7. **Permanent elastic cuffs**—Keep out the wind, adding to the sweater's warmth.
- 8. **Properly proportioned—sweater uniform**—Knitted to follow the contour of the body.
- 9. **Reinforced elbows and pockets**—Extra thickness of wool on all shakers. Pockets taped at bottom and securely sewn to sweater.
- 10. **Jersild sweaters are guaranteed against manufacturing defects.** Three rigid inspections—of the wool on skin—of each piece before assembling—and of completed sweater—assure you a perfect product.

Jersild Ten Point Sweaters are available in a wide variety of sizes, styles and colors for men, boys and girls—all priced in your favor. Before you buy any sweater see the Jersild display at your dealer. See for yourself how much more your money will buy in comfort, good looks and long wear when the garment you select is a Jersild.

Where Shall We Drive Over the Week-End?

Tucked away in quiet corners here in the middle west are places of absorbing scenic and historic interest. Why drive on dull, drab streets when in a few hours you can reach sections of Illinois and Indiana that rival the most widely advertised beauty spots?

The touring bureau can furnish you with suggestions for a short one or two day jaunt or a trip across the continent. Road maps and logs are free to members. Members are also entitled to this service at more than eight hundred other clubs throughout the country affiliated with the Chicago Motor Club.

In addition to the touring information, there is legal service, insurance service, home district service, and mechanical first aid and towing service.

Throughout the various service departments members are enabled to save many times their annual dues. One tow may well be worth more than the cost of membership for a year.

Let us tell you how you can increase the comfort and pleasure you get out of your car, protect yourself while touring, and cut your motoring expense.

The MILDEST Cigar in the WORLD!

The discovery of the Tom Moore curing process was one of the great events in modern cigar making history.

It made possible an entirely new kind of smoke—a cigar so mild as to be the mildest cigar in the world, yet so full of aroma, taste and fragrance that it gave complete smoking satisfaction!

No other cigar—regardless of price—can offer the same smoking qualities, because no other cigar is made of tobacco cured by the Tom Moore process.

CHICAGO STOCK TRANSACTIONS

Trading in Chicago stocks was dull yesterday. Auburn Automobile and Borg & Beck each gained a point. Stewart-Warner slid down a minor fraction. On small sales Kellogg Switchboard and Supply gained a point. The company announced that telephone sales, which constitute the main line in the company's business, were about 1 percent ahead in the first four months of 1926 compared with the same period a year ago. Kellogg Cheese was 1 percent lower. Stockholders elected N. Holliday of New York a director in the place of A. L. Fiedler, who continues as general manager in Wisconsin. Other declines were: U. S. Gypsum, 1 point, and Armour of Delaware preferred, Illinois Brick, Hart, Schaffner & Marx, and Hibbard, Spencer & Bartlett, a point each.

Bar Harbor Appears About to Ride Again on Popularity Wave

BY NANCY R.

I wonder if Bar Harbor is on the brink of a real estate boom. For many years it was one of the most fashionable of the eastern summer retreats. Then for a couple of decades it suffered what is best known as a slump. And now, according to the wise ones, it's beginning to set up and take notice again. Apparently America just must have its boom, whether on Florida's tropical shores or the rock-bound coast of Maine.

Chicago has always been well represented at Bar Harbor, among the little colony from this part of the world being Mrs. Joseph T. Bowen, Mrs. Emily McAvoy, the Foster Palmers, the William Prescott Harts, and Miss Marie Board. The Charles B. Pikes, the Charles Strodes, the Robert Hall McCormicks, the Robert McGinnis, and Frank Trimmer. Several choice bits of property in that delightful spot belong to these and other Chicagoans, and if there should be a boom in that part of the world these choice owners would come in for their share of the profits.

It's a long time since any rumors of Mary Baker's being engaged have drifted this way. She and her parents, the Alfred Bakers, have taken the house they had before at 41 Fortland place, London, for the season, which is May and June. The Bakers have the entire lot to the gayest and smartest set there—just how gay this set will be this year is hard to say, but they won't lose their smartness.

Bolivar Bourditch, who's been with the Bakers lately on the Riviera and in Paris, set sail for these shores a few days ago. I understand he's to be here for just a few weeks, and it's not likely the Bakers will be back at all this summer.

Day's News in Society

The Association of Arts and Industries is to give a luncheon at the club-room of the Art Institute today for Harding Scholze, who departs the end of this week for New York City, where he is to become the director of the New York City museum. Mr. Scholze has been assistant curator of decorative arts at the institute for the last three years. He is to speak in the temporary galleries after luncheon, on the current exhibition of industrial art. The speakers who have made reservations for the affair include Alexander Revell Jr., Thomas E. Donnelly, William Nelson Pelouze, Mrs. Frank M. Dobbins, and Mr. and Mrs. A. G. Dobbins.

Service and devotion were rewarded in the election of officers of the Junior League at the annual meeting on Tuesday. Mrs. John Lewis Cochran of 1515 Dearborn parkway, who has been one of the moving spirits of the children's theater, is the new vice president. Mrs. James A. Cathcart was re-elected treasurer, and Miss Louise Tyler, whose service to the league has begun this year with her admission, was made secretary. The board of directors includes the retiring president, Miss Hols, Mrs. John R. Winthrop Jr., who was president year before last, Mrs. Albert B. Dick Jr., and Miss Emily Hamill.

The league's meeting, taking place just after the return of the delegates to the national convention at Nashville, concluded the league's operations for this season, although the Catechism in Lake Forest, with its attendant book sale, is to remain open during the summer.

Mr. and Mrs. Walter F. Cobb of Chicago and Santa Barbara, Cal., have leased Mrs. Joseph S. Whistler's villa, Plumstead, on the Stockbridge road at Lenox, Mass., for the summer. Mr. and Mrs. W. Rockwood Gibbs, who have been spending the winter in southern California, have arrived in the Berkshires and have opened Rockwood Farms at Richmond, N.Y. Gibbs is president of the Richmond Garden club.

Mrs. Herbert McLean Purdy, the former Miss Frances Miller of Chicago, has been elected a member of the New York Society of the Colonial Dames of America.

Ambassador's Daughter and Lieut. McHugh Wed

BERLIN, May 19.—(AP)—Miss Dorothy Anna Maria Schumann, daughter of American Ambassador, and Mrs. Jacob Gould Schurman, was married today to Lieut. James Marshall McHugh, U. S. M. C., in a civil ceremony at the cathedral at noon today. The religious ceremony later was performed by the Rev. Irwin S. Yewatow, pastor of the American church, in the ballroom of the embassy. After a luncheon in Europe the couple will sail on June 20 for the United States.

Polish Welfare Meeting.
The Polish welfare association will hold a meeting at the Morrison hotel this evening. Mrs. Mary Padrynski is to preside.

The Talk of Town!

Special Short Time Offer. No Fuss! No Kinks! Ends Beautifully Curled.

Permanent Wave

Latest Steam Oil and Lanol methods. Complete Entire Head.

\$8 Lasts 4 to 8 months.

Our Wave is positively the best, regardless of price.

A lasting wave of unsurpassed beauty given to suit the individual taste of each patron. Large marcel effect, round curls or fingerlet. Our method leaves the hair soft and glossy and requires no water waving.

Given with absolute comfort in less than 2 hours. We invite inspection.

10 Experts—No Waiting.

Consultation Without Charge.

Artistic Shingling, 75c.

BRIDE

Mrs. Gordon Webster Daly.

(Grandson Photo.)

The marriage of Miss Mary Josephine Homnold, daughter of Mr. and Mrs. Fred C. Homnold of Winnetka, to Gordon Webster Daly took place on Wednesday.

May Festival and Bazaar to Benefit Social Center

Chase House League is giving an all-day May festival and bazaar today at St. Chrysostom's Episcopal church, 1415 North Dearborn street, for the benefit of Chase House, 211 South Ashland boulevard, a social service center maintained by Episcopalians of the Chicago diocese. Mrs. E. Warren K. Howe is in charge of the festival show to be given this afternoon. Dinner will be served from 5:30 to 7:30 and there will be a dance this evening.

FARM AND GARDEN

BY FRANK RIDGWAY

Farmers are having a tough time of it in their attempt to get their crops planted this spring. Planting time for some of the crops is overdue and growers are faced to select some other crop. Even the early emergency crops are being crowded off the list.

A dispatch from Urbana, Ill., yesterday said late emergency forage crops will again be important in the state this season as a result of a combination of circumstances—late spring, delay in the growth of crops already in the field, many of the early emergency crops could not be seeded on time, pastures are not as far along as they should be, and much of the old alfalfa fields were killed during the winter.

The information sent out by Piper and Hackman of the state college is of particular value to farmers who are looking for a substitute. They have found that soy beans and sudan grass seeded together about the first of June make an excellent hay crop. Piper recommends that soy beans be seeded at the rate of 45 pounds an acre and sudan grass at the rate of 15 pounds to the acre. Use a hay variety of soy beans, and if sudan grass is not available, German millet may be used as a substitute. Sudan grass may be seeded alone at the rate of 20 pounds an acre, but the quality will not be as good as it is when it is sown with soy beans. German millet is best sown in combination with soy beans, too.

Women's Handicap

is curbed this new way of solving oldest hygiene problem—discards like tissue.

THERE is a new way in women's hygiene that ends the insecurity of old-time "sanitary pads" and their unhappy days.

Eight in 10 better-class women now use "KOTEX."

Discards as easily as a piece of tissue. No laundry. No embarrassment.

Five times as absorbent as ordinary cotton pads.

Deodorizes, thus ending ALL danger of offending.

Obtainable at all drug and department stores simply by saying "KOTEX." You ask for it without hesitancy.

Costs only a few cents. Proves old way a needless risk. 12 in a package. In fairness to yourself, try it.

KOTEX

No laundry—discard like tissue.

Run Him Ragged, Take All His Cash, Groans Young Jack

BY DORIS BLAKE.

I am a young fellow, 21, and would like to find a nice girl who doesn't want to be on the go all the time. It seems that I am the most unlucky cuss that moves on two feet. I can't meet her. Every time I find one that pleases the eye, after the first evening out I am forced to agree that "You can't judge the book by the cover." I have occasion to meet quite a number of fairly good looking girls, but they are never satisfied unless you take them out and dancing. I can't afford it, for one thing. I want to save a few dollars each week so I can start in business some day. Again, I'll admit for a young fellow I am "set" in my ways. I can't help it. I think it is because I have always gone around with older folks and grew out of my childish stunts long ago. Jack.

I should think, Jack, after a few experiences like that you'd change your method of testing out the girls before you ask them out. Instead of the eye method, why not try the ear? Let her sound like one who wouldn't greet you with a shrug and the inquiry, "Where are we bound?"

Your failing, of course, is masculine, and I don't suppose any more changeable than any other strong male taste. Nor is it so discouraging as it might seem on the surface. There are girls who appease the eye, the ear, and the gentleman's purse all at one and the same time. This type of girl, however, you have to sort of ferret out. But any good hunter would rather stalk his game than have it come up and tickle him under the chin, wouldn't he?

When a young man says all the girls he meets want to be on the go he gives a good picture of the class in which he operates. Either that or it reveals the type that really does attract him, regardless of what he may say to the contrary. Subconsciously, Jack, you may be impelled toward the type of girl you meet most frequently by some innate desire to release yourself from your "set" ways and be merry along with the rest of youth. I think a young man of 21 ought to be a bit playful. There's time enough for the bedside chair when rheumatism and gout overtake us.

DORIS BLAKE ANSWERS

Too Inconsiderate.

"Dear Miss Blake: At a recent reception I met a fellow who wanted to meet me, asked for a dance, and asked to visit my house after the social. But I, not feeling well enough to entertain any one, refused him. Now he won't even look at me. What can I do? I like him lots. Irene."

I should think, Irene, that the friendship of one so inconsiderate and impolite, dare. There are too many real boys, to bother with this type.

A FRIEND IN NEED

BY SALLY JOY BROWN.

Generous Offer.

I have a stocking knitting machine which has not been used much I will give to some one. I also have an American stitcher with instruction book which some one may have by calling for it. Mrs. L. V. D.

This is indeed a generous offer, and if you're interested in either of the articles let me know.

Needlework Magazines.

I have about seventy-five issues of Needlecraft magazines (1920-26) I will give to some one who is interested in needlework, you'll probably enjoy having some of these magazines. Write in for them.

This Frock Fills the Gap for Flappers

By Corinne Lowe

NEW YORK.—[Special Correspondence.]—The teens from 13 to 17, should properly be called the "twosens." There is probably no age of woman harder to dress than this in-between period of our existence—that age when our slimmest is usually scarfiest and when our plumpness is so often chunkiness.

The above little frock is for the girl in her early teens who wants to disguise an angularity that will later soften into a graceful slimmest. It is an evening dress of pale pink georgette and all the edges are bound in self materials. As for the design, you will see that both corsage and skirt make use of some sophisticated methods to achieve the softening result. The former boasts a bubble front which ripples down each side in jabot effect. And as for the skirt, this is shirred at the front in apron effect. Above the shirring appears at the front only a belt of matching grosgrain ribbon, punctuated at the side with white flowers.

This same frock might be interpreted in white georgette with excellent results on graduation days.

Another charming mode for that of the thin girl in the "twosens" is that of the tiered and pleated skirt. In resort models this junior version of an adult mode is often executed of black and white polka-dotted silk topped by a jumper of brilliant color which is linked with the skirt by a polka-dotted tie.

WASHINGTON SOCIETY

Washington, D. C., May 19.—[Special.]—The British ambassador and Lady Howard gave a dinner tonight in the embassy, with a large company which included the assistant secretary of the treasury and Mrs. Charles S. Dewey and Mr. and Mrs. Ira Nelson Morris Jr., formerly of Chicago.

Mr. and Mrs. Dewey will spend their summer abroad, while their daughter, Miss Suzanne Dewey, will go to East Hampton for the season. Mr. and Mrs. Dewey will sail on July 5.

Representative and Mrs. William E. Hull of Peoria have as their guests in their apartment at Wardman Park hotel Mrs. N. C. Smith and Mrs. Leslie H. Krier of Peoria.

Mr. and Mrs. Duff Hayne of Chicago are spending this week with the latter's sister and niece, Mrs. James H. Draper and Mrs. Samuel A. Kimberley, in the Kimberley home.

Crane Alumni Dance.

The Crane Junior College Alumni association will hold its annual spring dance tomorrow evening at the college gymnasium, Oakley and Jackson boulevards. Miss Margaret Grant, Miss Gene Davidson, and Grant Sutton have charge of the arrangements. Horatio M. Pritch is president of the alumni association.

We Advocate the Water Wave as Both Lovely and Safe

I wonder why more women do not go in for the water wave in the hair. The other day I sat in a friend's house while she was being given her hair. Though naturally straight, she came out with the most beautiful, soft, wide wave. I met her about a week later and she still had the wave.

The objection, of course, is that it does not last so long as the Marcel. But I'm wondering why more women who have time and money and are perfectly willing to spend both on beautifying themselves do not accept the water wave. This particular job I saw was done by one of the most expert hairdressers in the game. Perhaps that was why I was particularly impressed. He used no combs. He arranged the waves with his expert fingers, plucked a cap and let them dry under the hot air bag. The hair was shampooed first, of course, and an oil lotion applied while it was still wet. In addition to the natural effect of the graceful wide wave, there was a healthy gloss to the hair, which is frequently missing after the hot iron.

If there is a natural curl at all, the hair takes the water wave beautifully. And there is no doubt in my mind that hair thrives more under water wave treatment.

If one has this done once by a skilled worker she can immediately start in using the water wave combs at home, herself. A number of girls do this, I know. But for the majority, it is considered too much of a bother to tackle nightly. The hair really should be dried out thoroughly after each wetting and for that reason the water wave is better done before the last minute at night. It is wise to go to bed with the combs tucked in on wet hair.

A girl was telling me that her sister trusted her straight bobbed locks into a charmingly wet head by catching the hairs between the fingers and pressing them down and back into waves. It took a season to accomplish it and many manipulations to do it. It perhaps wouldn't be feasible either. Business girls, say. But women around home could, after a marcel or water wave, at least preserve the curl long or by resorting to this trick.

BEAUTY ANSWERS

K. F. D. IN EACH STALK OF corn there are 5 calories; green peas, three heaping teaspoons, 100 calories; canned corn, two heaping tablespoons, 100 calories; one onion, 40 calories; baked potatoes, medium size, 150 calories; spinach, three heaping tablespoons, 5 calories; three small stalks of celery, 5 calories; and radishes, six average size, 15 calories. If you wish the calorie value of other foods generally used, send along a stamped, addressed envelope.

MARJORIE T. MORE PEOPLE lie on the right side when sleeping than on the left, but if you find the right side more restful and conducive to sleep, that is the side to choose. Lying on the back while sleeping is not looked upon so favorably, as it is blamed for many of our dreams.

Bright Sayings of the Children

The Tribune will pay \$5 for each child's saying printed. The story told must never have been printed in any magazine or paper. It is not possible to acknowledge or return unsolicited contributions. Write on one side of the paper. Address: Bright Sayings to Auntie Lee, The Tribune, Chicago.

The mother of the 5 year old twin next door to us has been trying to make them lose their fear of dogs. The other day our 6 months old pup ran into their yard. The twins immediately ran on the porch.

"What is the matter?" said the mother. "You aren't afraid of that little puppy, are you?"

Jane looked one of the twins. "We just want to give him more room to run in the yard."

Returning from the fair with her mother and father, little Jane had a painful of presents. "Mother, you bought me so many nice things."

"Well, I like that," said her father, "what about the presents I bought you?"

"O, yes, daddy, you bought me three and mother bought me three."

"It's too late," said her father, "you can't fix it up now."

Jane looked quite perturbed and with a deep sigh, said, "You just can't settle this family."

Funeral of Harry D. Platt, 33d Degree Mason, Today

Funeral services for Harry Don Platt, member of the stockyards commission firm of Platt, Abner & Co., will be held today at 2 p. m. from the Boydston chapel, 4227 Cottage Grove avenue, under the auspices of Lakewood lodge No. 733, A. F. & A. M. Interment will be at Oakwoods. The surviving past three past masters of Van Rensselaer Lodge of Perfection, the first of the coordinate bodies of Oriental Consistory, will attend in a body. Mr. Platt, a thirty-third degree Mason, presided over this body in 1907-08. He was a member also of several other Masonic organizations. His death occurred Tuesday at the Windermere. Besides his widow, Mrs. Annie Adams Platt, he leaves two sisters, Mrs. J. C. Holmes and Mrs. Annie Bolsoi.

Printers' Union to Hold Memorial Services

Officials of the Chicago Typographical union No. 14 will hold memorial services next Sunday afternoon at the Olympic theater. Worthington De Wolf, vice president of the type organization, will preside. John W. Hastings will call the roll in behalf of the Old Time Printers' association. Addresses will be made by Father C. F. Donovan of St. Charles church, and Rabbi Felix A. Levy of Emanuel congregation. Music will be furnished by the Chicago Typographical union band.

Charles Matthews, Early Chicagoan, Is Dead at 83

Charles Matthews, pioneer Chicago resident and president of the Matthews Gas Machine company, 6 East Lake street, died yesterday at his home, 4783 South Michigan boulevard. He was 83 years old. Mr. Matthews came to the United States from Germany in the late fifties. He fought in the Union navy during the civil war and was one of the charter members of the Naval Veterans' association and of the George H. Thomas post, No. 5, G. A. R. He is survived by three sons, Charles F., Frank, and William C. A daughter, Mrs. P. J. Powell, and a number of grandchildren. Funeral services will be held at the home Saturday at 3 p. m. Interment will be at Oakwoods.

Will Examine Immigrants in Germany, Scandinavia

Washington, D. C., May 19.—(AP)—The policy of examining and selecting immigrants to this country at the source has been extended to include Germany, Norway and Denmark. The system already is in effect in Great Britain, Irish Free State, and is regarded by officials here as a success.
